He was preceded in death by his father, Glenn W. Caskey. Services 11 a.m. Tuesday Oct. 17 at Mathers-Gaunce F.H. by Rev. Robert Allen and Rev. Joe Jenkins. Burial in Neal Valley Cemetery, Morgan Co.

Casketbearers: John Price, Luther Anderson, Mark Price, Arthur Buzzard, Robert Sosby, Donnie Wagoner, and Ricky Lykins.

Honorarybearers: Dwight Dotson, Billy Sosby, Harold Sidles, David Tipton, Denver Brown, and Jimmy Wells.

Church seeks Bosnian boxes of blessings

LOUISVILLE - "Bosnian Boxes of Blessing" is a project of the 79 year old Ninth & O Baptist Church, Louisville, under the leadership of Pastor Rodney Burnette.

The church is in the process of collecting some 8,000 shoe boxes filled with toys, stuffed animals, balls, cars, flashlights, school supplies, hard candy, and more which will be shipped to Bosnian refugee children for Christmas.

The project, "Boxes of Blessings," is a cooperative effort between the church, Southern Baptist Missionary to Bosnia Rev. Bill Steele and the Foreign Mission Board of the Southern Baptist Convention.

Ninth & O Baptist is accepting donations from interested parties to sponsor a box at $20 each. It encourages churches and other organizations to participate. Bring boxes to church by Sunday, Oct. 29 so the "Boxes of Blessings" will be shipped for the church on Monday, Oct. 30. For more information, call Ninth & O Church at (502) 636-5576.

Knowledge of human nature is the beginning and end of political education.

Words From The Redeemed

Redeemed Baptist Mission 366-B E. Main St., 289-4401
Darrell W. Flannery, Pastor
Jesus, God in the Flesh

The Bible condemns religion from cover to cover. We have many fast growing religions in this country today but none of them have the regenerating power of the Holy Spirit as does the Christian faith. Most religions teach morality and some type of godly living But this type of teaching is what Jesus Christ condemned the Pharisees of (Matthew 23:1-9). It is not enough to clean up the outside of the cup is the inside is still dirty. Jesus said in Matthew 23:25 and 26, "Woe unto you, scribes and Pharisees, hypocrites! for ye make clean the outside of the cup and of the platter, but within they are full of extortion and excess. Thou blind Pharisee, cleanse first that which is within the cup and platter, that the outside of them may be clean also."

The United States has become a melting pot for religions. Our founding fathers did not establish the constitution that we might forget the true and living God, but that we might have the freedom to serve Him in truth, unmolested.

We must not forget it is Jesus Christ who can make a new creature our of a sinner (drunkard, addict, harlot, abuser, gossip, extortioner, thief, etc.). Only God can give a person a new heart in salvation. We cannot work enough works to merit this great salvation. Being a member of a church, being baptized or keeping all the commandments will not save you from the wrath to come.

It is not enough to have religion, but one must have a saving knowledge of Jesus Christ. We must come to Him in repentance and faith, trusting Him and Him alone. It is he that has power to forgive sin. It is He that is the lover of men's souls. It is He that redeems men's souls from everlasting destruction. Yes, Jesus Christ is God. Do you know this man as God? Do you love Him with all your heart, soul and mind? Has He cleansed you from all your sin?

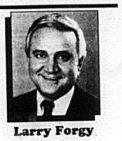
Kentucky Candidate Information Survey

THE GOVERNOR'S RACE

Paul Patton
Democrat
In 50 words, please list your three top priorities

"My three top priorities are crime, taxes and education. The only areas I've commited major new money to is to fight juvenile crime and restore the teacher's authority to control the classroom. I'll cut taxes $250,000,000 but I won't cut any education program. I'll also create more and better jobs."

Paul Patton



Larry Forgy
Republican
In 50 words, please list your three top priorities

"1) To lower taxes so we reward success and encourage job creation and economic development.
2) To shrink the size of government and make Frankfort responsive to the concerns of everyday Kentuckians.
3) To restore discipline to the schools so teachers can teach and students can learn, and perfect KERA."

Larry Forgy

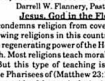
Candidates were asked their opinions on the following statements...

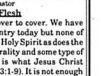
	Lt. Gov. Paul Patton — Democrat	Larry Forgy — Republican
The U.S. Supreme Court recently ruled that some affirmative action programs are unconstitutional. However, the state of Kentucky should do what it can to maintain current minority preferences in hiring and college admissions.	I oppose mandatory quotas and will insure that all groups are treated fairly support equal opportunity for all Kentucky ans.	"DISAGREE. I firmly believe that hiring and admissions decisions should be based on qualifications, not quotas."
Kentucky does not currently allow casino gambling, although some surrounding states allow it. Casino gambling should be allowed in Kentucky. ♦	I strongly oppose casino gambling in Kentucky."	"STRONGLY DISAGREE."
State lawmakers are currently wrestling with the problem of rising juvenile crime. Kentucky should place less emphasis on punishing juvenile criminals and more emphasis on rehabilitating them.	Juvenile crime is my top priority. I'll spend $40 million more a year on it. We must punish and rehabilitate."	"DISAGREE. Punishment and rehabilitation are not incompatible. Programs like Green River prove that strict discipline with hard work reduce juvenile crime."
Virginia and New Hampshire recently rejected federal education dollars under federal "Goals 2000" legislation on the grounds that it would result in greater federal influence over local schools. Kentucky should do the same.	Kentucky must maintain control of our schools and what is taught. I would reject any money which threatens our control."	"DISAGREE. Education should be a local issue, and I will work to ensure that federal funds strengthen, not reduce, local control."
National education experts recently called KERA tests, which are used to judge Kentucky schools, "seriously flawed." The state should impose a moratorium on statewide testing until we have a test we know is reliable.	I was the first candidate to point out the serious flaws in the KERA test. It must be changed."	"STRONGLY AGREE. My administration will craft a test where misspellings are not considered creative and knowing your multiplication tables is required."
The misguided primary program places children of different ages and ability levels in the same classrooms and is mandatory for all elementary schools. We should continue to make sure elementary school classrooms are nongraded.	I have called for a comprehensive review of the ungraded primary by the Legislature using Kentucky experts and Kentucky data."	"STRONGLY AGREE. We will make the ungraded primary a local option. Parents and teachers know what is best for thy children, not Frankfort."
Kentucky currently has few restrictions on the possession of firearms. The General Assembly should consider some limited restrictions on the ownership of guns. ♦	"DISAGREE. I oppose any further restrictions on the right to bear arms in Kentucky."	"STRONGLY DISAGREE."
Some say that recently enacted state health care reforms put too much power in the hands of state bureaucrats, while others say it will reduce the cost of medical care. These reforms should be revisited in the 1996 General Assembly.	I will review the theory and actual results of the Kentucky health care reform program and reconsider it as needed."	"AGREE. Once elected, I will launch a complete review of the reform and make any necessary corrections to improve the system."
In the 1994 Gen. Assembly, a bill was introduced to require abortion clinics to give their patients informed consent. Physicians should be required to tell their patients of the medical risks of abortion. This issue should be revisited in the 1996 session.	"DISAGREE. The government should not interfere with a woman's right to make a decision in her own way."	"STRONGLY AGREE."
The Kentucky Supreme Court overturned a state law barring homosexual sodomy in 1992 in a close 4-to-3 vote, thereby legalizing the practice. The General Assembly should overturn the court's decision.	As a conservative in the use of government power, I reject government dictating personal, sexual, or religious activities."	The Legislature, not the courts, should create law. We will work to outlaw the public solicitation of homosexual activities."
Election results in the Fall of 1994 appeared to indicate that voters wanted radical change in the status quo. That mood for change has been largely satisfied.	We must change to get better results. I've already changed people's lives through government. I'm the proven agent of change."	"STRONGLY DISAGREE. Now that we have changed Washington, we must transform Frankfort. My opponent can't take you there. I will."
In the past, the state has lured some businesses into Kentucky by giving them tax breaks. We should continue to give tax breaks to certain businesses to persuade them to move here.	I wrote Kentucky's programs of economic development, but we'll focus on recruiting industry by providing more training vouchers."	"AGREE. Incentives have their role in economic development, but we'll focus on recruiting industry by providing more training vouchers."
In 1918, federal income and payroll taxes took only 2 percent of the income of a median-income family of four. Today, they take about 24 percent. Kentucky should provide tax relief to Kentucky families with children.	I support cutting taxes on cars, personal income, private pensions, inheritance and doctors. My tax cuts will save Kentuckians $250 million."	"STRONGLY AGREE. Kentuckians have among the highest tax rates in America. That's wrong. As governor, I will cut taxes and shrink government."
Term limits has recently become a national issue. We need term limits on state representatives and senators in Kentucky. ♦	"UNDECIDED. I strongly favor a citizen legislature; however, term limits are not a simplistic solution to a complex problem."	"STRONGLY AGREE."
State and local governments and school boards are not now required to bargain with unions of public employees for higher wages and benefits. These governmental agencies should be required to bargain with employee representatives.	I believe that all employees have the right to join together and communicate with their employer the way they choose."	"STRONGLY DISAGREE. Collective bargaining for public employees will be as good for Kentucky's taxpayers as it has been for baseball."
Some people point to welfare programs as part of the cause for the increase in illegitimate births. Some believe we should stop giving increased benefits to unmarried women under the age of 18 who have additional children. ♦	"UNDECIDED. Welfare has contributed to illegitimacy and should be reviewed, but once a child is born, we must protect it."	"STRONGLY AGREE."

The candidates were asked to respond to the above assertions with "STRONGLY AGREE," "AGREE," "UNDECIDED," "DISAGREE," or "STRONGLY DISAGREE." In addition, they were given up to 20 words to clarify or temper their response.

♦ Indicates that the statement was made in the Spring primary edition of the Kentucky Candidate Information Survey.

Running mates respond...





LIEUTENANT GOVERNOR
D R
Stephen L. Henry — Tom Handy

	Stephen L. Henry	Tom Handy
What would your three priorities be if elected?	*1) Streamlining and making more effective the Human Resources Cabinet. 2) Restoring common sense to all of state government. 3) Improving public safety, cleaning efficiency and more responsiveness to taxpayers. 5) Providing quality training, planning for the future of state rather than responding to crises.*	*"My priorities will be to improve the state's ability to fight organized crime, make punishment more certain and severe, improve the treatment of juveniles, address problems of spouse and child abuse and domestic violence."*
Why would you be an improvement on your predecessors in this office?	*"I'm an expert in the health care field as a result of my work in the legislature and in any valuable to state's future. Therefore I am trained to look for the best way to solve problems and make it happen."*	*"I will use my 20 years experience as Commonwealth Attorney to improve the criminal justice system, insure fair treatment of juveniles, and create a unit to investigate/prosecute public corruption. I bring expertise and experience to this position."*
Why would you be more effective in office than your opponent?	*"As a county commissioner, I'm called for such details for prisoners and being away luxuries. I've been a voice of reason in county government and made it more efficient. Also, I've been the lead in community planning and environmental issues."*	*"I have the experience and ability to bring real change to state government. Violent and career criminals receive early release from prison. I can alter this and give victims of crime, who are ill served by our justice system, more consideration."*
Why is your running mate a better choice for Governor than his opponent?	*"An expert in economic development. Has been instrumental in bringing in nearly $150 million business this year is attributed to Patton's programs. He has a proven record. As county judge, he put prisoners and welfare recipients to work and provided garbage collection in rural Kentucky."*	*"I bring a career-veteran approach to reforms of state government. He is not tied to massive reforms of health care and KERA and owes no obligation to any special interest groups. He can create good paying jobs and improve education."*

The Other Statewide Races

Kentucky Candidate Information Survey

SECRETARY OF STATE
D R
John Y. Brown II — Steve Crabtree

	John Y. Brown II	Steve Crabtree
What would your three priorities be if elected?	*1) Help attract new businesses to Kentucky with "one stop shopping" allowing prospective businesses to receive all licenses, pay one fee and receive approval through one office. 2) Streamline this office's budget. 3) Propose legislation that encourages whistle blowing on political corruption."*	*"1) Help state government make Kentucky more business-friendly to stop the break-up of the Kentucky family and restore integrity thus encourage more Kentuckians, especially young people - to vote. 3) Empower the staple Kentucky values of faith, family, honesty and civic responsibility."*
Why would you be an improvement on your predecessors in this office?	*"The office has declined over 20 years largely due to "musical chairs" of political appointees. Because I seek only one term, I can devote 100% to improving and upgrading, and I will go above and beyond constitutional duties by offering innovative programs."*	*"I am NOT seeking to use it as a stepping stone. I'll work hard for ALL Kentuckians, regardless of party affiliation. I'm an experienced businessman and have identified nearly $1 billion in savings for government."*
Why would you be more effective in office than your opponent?	*"As an attorney/businessman, I'm uniquely qualified. My first priority is attracting new businesses. I've run a department of a $250 million corporation, increased sales 110%, cut its budget by 60%, and helped create several thousand jobs. My opponent is suited for communications."*	*"I'M A CONSERVATIVE with the vision, desire and determination to make OUR government what Kentuckians deserve -- an efficient servant. I've spent 20 years WORKING my way up from the bottom to EARN a position in Kentucky business and now government."*

ATTORNEY GENERAL
D R
A.B. "Ben" Chandler — Will T. Scott

	A.B. "Ben" Chandler	Will T. Scott
What would your three priorities be if elected?	*"I will be a tough guard dog over all Kentuckians just as I have been a commonwealth attorney. Top priorities: 1) crack down on violent criminals, 2) fund crucial public officials and 3) bring them to justice and 3) protect consumers from rip-offs."*	*"Tough on Violent Crime - Implement truth-in-sentencing; bring back the death penalty. Stop Juvenile Crime Rise - Being 15 is no justification for violent crime; a prison crime should equal prison time. End Parole for Violent Criminals - Should be behind bars, not walking the streets."*
Why would you be an improvement on your predecessors in this office?	*"I have a record to build on which includes that due to our audits, 31 public officials have either lost their jobs or gone to jail. We uncovered $78 million in waste and identified nearly $1 billion in savings for government."*	*"Experience) Spent career making the Commonwealth tougher on crime. Chandler never tried serious case, sentenced criminal to prison, prosecuted criminal/attorney. Purposed: Will use office to strengthen Justice System, not steppingstone to Governorship. Philosophy) Want criminals, not citizens, afraid to walk streets."*
Why would you be more effective in office than your opponent?	*"I am the only candidate in this race who has a proven track record of managing a large and complex organization, top across Kentucky's 120 counties. My opponent quit under the pressure of managing an office in one county."*	

STATE TREASURER
D R
John Kennedy Hamilton — James H. Lambert

	John Kennedy Hamilton	James H. Lambert
What would your three priorities be if elected?	*"1) Being a watchdog over the Kentucky Lottery. 2) Making the Treasurer's office more efficient. 3) Stopping the bureaucrats and politicians in Frankfort from holding up our tax refund checks for months and months when they need a quick fix to balance the state budget."*	*"1) Restore integrity and respect to the Treasurer's office by eliminating practices which violate the public trust. 2) Cooperate with other state agencies to see that refund checks are timely dispersed. 3) Actively seek to make the Treasurer a member of the Lottery Board."*
Why would you be an improvement on your predecessors in this office?	*"The current Treasurer doesn't even show up for Lottery meetings most of the time. When she does show up, it's business as usual. I'll be the public watchdog over the Lottery that the Treasurer should be -- instead of the public lapdog the Treasurer is now."*	*"I would conduct the office in a professional, businesslike manner, treating my employees with dignity and respect, realizing that I am to serve and not be served."*
Why would you be more effective in office than your opponent?	*"I have a specific agenda I want to see implemented in Frankfort and a record of success in private business. My opponent has no agenda and a record of failure in government and politics."*	*"The Treasurer is custodian of $11.5 billion of taxpayers' money. I have a Juris Doctor degree. I have served 12 years as Rockcastle County attorney. I have business experience and have practiced law for nearly 20 years. My maturity and experience make me the better candidate."*

AUDITOR OF PUBLIC ACCOUNTS
D R
Ed Hatchett — Don Bell

	Ed Hatchett	Don Bell
What would your three priorities be if elected?	*"1) Strategic planning for comprehensive audits of fy government. 2) Orientation, training, and updating local officials on principles of financial management. 3) Improving economy and efficiency in state government by conducting performance audits of state government agencies."*	*"1) Eliminate mismanagement, fraud and corruption in state government. 2) Conduct fair and non-partisan audits that make government agencies responsive to the taxpayers of this state. 3) Save the taxpayers considerable amounts of their money by making government more accountable and efficient."*
Why would you be an improvement on your predecessors in this office?	*"I am a professional auditor, an experienced finance and regulatory lawyer, and a recruiter, manager, and motivator of teams of auditors during seven years as Banking Commissioner. My management experience, investments expertise, and aptitude for technological innovation prepares me well."*	*"The auditor's office has been idly used by career politicians as a springboard to higher office. My only motivation is to use my investigative skills to clean up waste, fraud and corruption. I won't be politically selective in my audits."*
Why would you be more effective in office than your opponent?	*"Taxpayers deserve a professional auditor. My experience fighting fraud is extensive, but problems like derelict investments and outmoded technology require more than one-dimensional expertise. I offer thorough knowledge of the law, investments, financial management, investigations, and managerial principles."*	*"I have a proven record of fighting fraud and corruption at all levels of government. I'm not a Frankfort political insider. I have not been one of the most wasteful bureaucrats traveling excessively and using a state office for personal gain."*

COMMISSIONER OF AGRICULTURE
D R
Billy Ray Smith — Woody Allen

	Billy Ray Smith	Woody Allen
What would your three priorities be if elected?	*"1) Protect Ky consumers while we help our markets for Ky. products. 2)Implement Ag 2000 (making Ky's agriculture industry worth $3 billion by the year 2000). 3) keep raw agricultural products like soybeans, grain, timber and cattle in Ky. for processing to add value and create jobs."*	*"1) My objectives have always been lower taxes and less regulation. 2) My administration will market agriculture products in a more efficient and more creative way than ever before. 3) We will employ the latest technology for scheduling and carrying out consumer protection."*
Why would you be an improvement on your predecessors in this office?	*"I hope to build on the successes - like Ag in the Classroom and economic development - of previous Commissioners. My proven leadership (community involvement, Chamber of Commerce, commodity groups), broad experience in agriculture and agribusiness and knowledge of the legislative process qualify me to do this."*	*"For almost 30 years, the Department of Agriculture has been run by the same political party. We need to move agriculture into the 21st century and we need leadership that will bring new energy and inventiveness to the problems facing agriculture."*
Why would you be more effective in office than your opponent?	*"Term 1) more positive and progressive; 2) promoting a definite plan and platform to move agriculture forward; 3) better prepared by experience and background; 4) a team player who will bring the brightest minds and best-trained people to the office."*	*"Special interests who fund my opponent's campaign want a continuation of policies that benefit few at the expense of many. I want to redefine/remold the Department to best meet needs of the farmers and citizens it is supposed to serve."*

About the Survey. . .

♦ The **Kentucky Candidate Information Survey** is a non-partisan project of the Family Trust Foundation of Kentucky, a Kentucky educational, non-profit organization founded in 1989. The Foundation was incorporated in order to strengthen families and promote family life in our state. One of its objectives is encouraging responsible, participatory citizenship.

♦ The purpose of the KCIS project is to improve: voter knowledge of the candidates; voter participation in the election; and, therefore, the quality of the democratic process in Kentucky.

♦ The Survey project was designed to be a neutral report of the candidate's views in his (or her) own words over a broad range of issues using a concise format. This issues-only, head-to-head approach avoids pushing a particular agenda, but at the same time cuts through the political rhetoric often found in campaigns.
