NATIONAL NEWSPAPER IN EDUCATION

Create - An - Ad Contest Winners

The month of March is recognized as National Newspaper in Education Month. During the past month the staff of The Carlisle Mercury has asked art students from the Nicholas County Elementary School, grades 3 through 8, to participate in what is known as the Create-an-Ad contest. Several businesses in Carlisle and surrounding communities have provided space to allow the students to be actively involved with newspaper. The ads were scheduled to appear in the March 28 issue of the Mercury, however, due to the unpredictability of the weather during the last part of March, and school days called off because of snow, we were unable to publish the winning advertisement. We would like to thank all of the sponsors and the art students from Nicholas County Elementary School who participated in this promotion. All winners were chosen by the individual sponsors. Sponsors stated that this was a difficult decision due to the creative effort of all of the students who participated.
