MILITARY NEWS

Navy Petty Officer 3rd Class James R. Marks, son of Wanda M. and James R. Marks Sr. of 648 Windsor Way, Paris, KY, is currently halfway through a six-month overseas deployment to the Persian Gulf aboard the amphibious transport dock USS Denver, as part of the USS Peleliu Amphibious Ready Group (ARG).

Marks is one of 1,320 Sailors and Marines aboard the ship who departed San Diego in November along with the amphibious assault ship USS Peleliu, the dock landing ship USS Anchorage and the 15th Marine Expeditionary Unit. Equipped with a Marine landing force, helicopters, Harrier attack jets, high-speed assault hovercraft, armored vehicles and landing craft, the USS Peleliu ARG is providing area commanders with a wide range of capabilities.

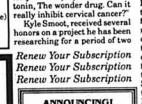
While in the Persian Gulf, Marks' ship also helped a 50-foot-long Iranian fishing feast that had run out of fuel 60 miles off the coast of Iran. Marks' ship gave the vessel enough fuel to get to port. The grateful fishermen offered the Sailors some of the fish they had caught that day.

Marks' ship is serving as the mobile base for 600 embarked Marines and their amphibious assault vehicles, trucks and equipment. USS Denver can not only launch helicopters from its flight deck, but it can also dispatch a Marine landing force from its well deck.

While spending 77 days at sea, Marks also has visited Bahrain, Kuwait and the United Arab EMirates, and had an opportunity to visit local sites.

Marks' involvement in the deployment is an example of how U.S. men and women are serving in the Navy and Marine Corps around the world from the Persian Gulf and Western Pacific Ocean to the Mediterranean Sea in support of U.S. interests. Whether projecting power ashore, delivering humanitarian assistance, cargo or troops from the sea, these highly trained naval forces provide a unique forward presence and crisis-response option, which can be withdrawn quickly when no longer needed.

The 1988 granduate of Paris High School joined the Navy in August 1988.



Find those eggs!

Students from their Head Start/Pre-K held their spring get together on Thursday. They had fun hunting eggs hidden by special friends.

Science Fair

first place award in bio-chemistry for her project on; "Melanin, The wonder drug. Can it really inhibit cervical cancer?"

Kyle Smoot, received several honorable mentions in a project he has been researching for a period of two years entitled; "Neuroprotective Effects of GDNF Against 6-Hydroxydopamine Lesions of the Substantia Nigra; a Model for Parkinson's Disease." Smoot received, first place in the Gerontology category, first place in the Biology division and an overall first place award. The first place overall will allow him to attend the International Science and Engineering Fair to be held in Tucson, Arizona May 6, through May 12. Kathryn Allison will attend as an alternate.

The three combined winners earned NCHS a second place overall.

Over 4,000 people will attend the fair in Arizona, including 900 to 1,000 competitors from 17 different countries.
