Other items on the agenda were the approval of the boys' varsity cheerleaders to attend a clinic this month instructed by Cheerleading Acro Sports Training in Paris, Kentucky. Also, a list from boys varsity cheerleading coach, Katie B. Hunt accepting the position as head coach for the team. The Nicholas County Youth Football requested the use of school grounds and facilities for weekend games and concessions, this was approved.
Other requests were from Bonnie Metcalfe for field trips for child development, State makers of America, requested six dogs and activities for the schools' chapter of FHA. Three fund raisers were also in their request and were approved.
Doug Beehanan, Future Farmers of America advisor, requested three items for FFA. Travis Huber also had a request for the Kentucky Youth Association, which were approved. In addition to the KYA field trip, Huber spoke of a school to work program. School to work consists of a student picking a profession he or she might be interested in. Local participating professionals let the student observe the work for a period of time while still attending school. This gives a student hands on experience and helps he/she decide if they want to follow this profession.

with it." Kenney has been raising a tobacco crop for about 44 years.
Bruce Gaunce, also of Headquarters, has been rasing a tobacco crop and farming all of his life. Gaunce stated "We have regulations on tobacco already, so Scotty Baesler says." When asked if he thought it would put the farmer out of business he stated "it certainly will sometime. When Clinton made the recent trip through Kentucky why did he only stop in Ashland and Western Kentucky. I believe he avoided the "burley belt". The tobacco tax has built all the good things in the U.S. Why kill the industry. It makes plenty of tax dollars."
