State names county's priority roads

FRANKFORT - State highway priority roads this year for snow and ice removal in Nicholas County are U. S. 68, KY 36 and KY 1455.

According to the Transportation Cabinet, the roads were selected due to the exceptionally large volume of highway traffic.

Priority B roads to be cleared by the ate include state primary roads, bypasses and roads with slightly less traffic. Priority C roads are state secondary roads, rural secondary roads, and other routes.

"Information is one of the most powerful tools citizens can use against the potential hazards of winter driving. By knowing which roads have likely been treated, motorists can alter their routes accordingly to help ensure their safety," said Transportation Cabinet Secretary James Codell.

The telephone line will be in operation around the clock when now or ice storms hit the state. Otherwise, normal hours for the toll-free line are Monday through Friday, 8 a.m. to 4:30 p.m. E.S.T.

The public may call 1-800-4KYROAD (1-800-459-7623) for a recorded message. To received a faxed version, dial (812) 941-7422.
