**Questions Often Asked By Taxpayers**

These are typical of questions asked by taxpayers and are presented in a public service at this publication and the IRS.

**Q:** How can I get my employer to give me my W-2 form?  
**A:** If you don't get your W-2 form by February 15, call the IRS at 800-829-1040. We will ask you for certain information such as your employer's name and address. The IRS will contact your employer requesting that your W-2 form be sent to you.

**Q:** How long will it take to get my return?  
**A:** About 4 to 6 weeks after you mail your return. If you file electronically, it should take about 3 weeks. The earlier you file, the faster you'll get your refund. To check on the status of your refund, call Tele-Tax at 1-800-428-4477.

**Q:** I just completed my return and I see the IRS money. What should I do?  
**A:** Remember to enclose the payment and payment voucher when you file the return. Be sure that your check or money order is made payable to the Internal Revenue Service, not just "IRS." You should file even if you can't pay all of the tax you owe. File by April 15, 1996, and pay as much as possible. If you use electronic filing, you can file early but do not have to pay until April 15th. By filing on time, you avoid the late filing penalty.

**Q:** How can I get an extension to file my return?  
**A:** You can get an extension by filing Form 4868, "Application for Automatic Extension of Time To File Individual Income Tax Return" by April 15th. By requesting the extension, you avoid the filing penalty. However, if you will owe tax, you should pay as much as you can with Form 6688.

**MILITARY NEWS**

**Marine Sgt. William D. Denton**, son of Calvin E. and Melanie Denton of 107 Archdeacon Ave., Carlsle, Ky., was recently promoted to his present rank while serving with 2nd Assault Amphibious Battalion, 2nd Marine Division, Marine Corps Base, Camp Lejeune, North Carolina.

**Boaters urged to use PFD's**  
Frankfort, KY.—This hunting season, two Kentucky hunters were in Great Smoky Mountains National Park, but their lives in water-related accidents. These accidents could have been avoided if the hunters had been properly equipped.

Hunters pursuing their sport around lakes and streams must realize that cold weather and freezing water can be a deadly combination. The only protection from this danger is a personal flotation device (PFD). PFD's aren't just for boaters. In fact, there are PFD's designed as jackets, coats and hunting suits. These are available from sporting goods stores and outdoor supply catalogs.

Whether you are hunting or fishing, when near water in the winter, especially in a small boat, wear your PFD and be Prepared For Danger.
