**Is Your Vision Loss Caused By Cataracts?**

Cataracts are a common disorder. If you are between the ages of 55 and 64 you have a 40% chance of having a cataract. As you age your chances increase. If you are diagnosed with a cataract and it affects your work performance or essential life activities the advanced surgical technique of "No-Stitch Cataract Surgery" may be right for you.  
 For further information about cataracts or this new medical advancement please contact our practice.
