Dear Fellow Kentuckians, As you might have heard there is a movement sweeping East. It is a movement to replace the current government system of government with a more efficient system of government.

Right now your county is governed by an archaic and inefficient machine. It is in place to help the few while ignoring the needs of the many. No matter how your county is run, the end result is that the same old politician you're used to is re-elected.

Each day these sheets will be faxed into WKTV where they will be entered into a daily drawing. Winning license plate numbers are announced several times throughout the day during the drawing. Republicans didn't get to claim their \$100 prize. All daily winners will be eligible for the grand prize drawing of \$100,000 on September 3. There will also be prizes for participating throughout the year. At the end of the contest, one law enforcement agency will be awarded complete police uniforms.

Dear Editor, Seat belts and child restraints have long been recognized as lifesaving and injury preventing devices. Data indicates that in 1943 vehicle occupants involved in fatal collisions during 1955, only 83% were using safety seats.

Dear Editor, The Highway Safety Branch of the Kentucky State Police will be conducting a "Kentucky Clicks" campaign. In support of this campaign, "Kentucky Clicks" is an exciting contest that has been introduced by WKTV-TV.

Letter to the Editor, I would like to take this opportunity to express my opinion on a matter brought before the City Council during the July meeting. It concerns the reimbursement of funds to the five Volunteer Firefighters who took the EMT course. As many probably know my husband is Fire Chief for the

Dear Editor, At one time the AFL-CIO proposed spending \$35 million to help Democrats wipe out Conservative Republicans gains made in the 1994 election. Well, obviously they were not serious.

Dear Editor, Here is the photo of me and the convertible that I rode in from the old Carlisle Army

Dear Editor, I have a question about the 1996 Conservative Republican Balanced Budget Act voted by President Clinton contained "cuts" in Medicare. The truth is not in those ads. There are not "cuts" but "reductions" in the growth of Medicare from 10.3% percent per year down to 7.5 percent. That's double the current rate of inflation!

Dear Editor, I have support Republican plan offering opportunities that help me for service. This would help me cut tax dollars my fellow Americans have so generously for through government coercion provided for my medical expense.

Dear Editor, At the same time, I strongly oppose adding mine and my fellow Americans' children and grandchildren with the costs of my medical care.

Dear Editor, One of the least publicized budget activities of the Federal government providing more than \$39 billion of taxpayer money was introduced by WKTV-TV in support of advocacy organizations.
