consider a recommendation from NCHS head football coach, Greg Letcher, to hire John Norman for the position of assistant high school football coach. In his letter to the council, Letcher pointed out that Norman has experience with both, Paris Independent and Clark County school's football programs. However, there is some difficulty in the hiring of Norman, according to NCHS Principal, Greg Reid. Reid stated that there is one salary for the assistant coach's position, The salary allotment of $7,500 would have to be divided between the assistant coaches. The issue has been tabled until the council can gather more information.

In other items of business, the NCHS proposed budget for the 1996-97 school year was discussed and approved.

Furthermore, a new program of studies for the Special Education Department of the high school was adopted. The new program is possible due to an increase in credit requirements and high school restructuring.

The council then approved a request from Ron Baker, Athletic Director at NCHS. Baker asked that the NCHS Football team be permitted to participate in the University of Kentucky Sports Medicine Program.

The request by Baker stems from recent questions concerning the availability of an on-site athletic trainer at the school.

The Council's approval of this request means that a certified athletic trainer and/or physician from the UK Sports Medicine Program will visit the school weekly and attend some football games during the season to assist with athlete's injuries and provide medical attention when needed.

The ledger reports for the months of May and June 1996 were also approved.

NCHS teacher, Jack Hayes was appointed as acting chairman of the drug committee. The council will elect a permanent chairman at a later date.

A date for the next Site Based Decision Making Council meeting has not yet been set.
