

MERCURY MEMORIES

Five Years Ago... The Nicholas County Library has received a "new" BIRTHS-Jessie Louise Hunter, October 13, 1966.

Twenty Years Ago... The installation of three modern drive-through service windows, 2,000 additional square feet of office space and extensive remodeling of the pre-1967 building will be included in expansion at the First National Bank of Carlisle.

THIRTY YEARS AGO... The Nicholas County Schools' Drug Task Force met last Wednesday to discuss drug problems in schools.

Letters

Cleaver thanks supporters... Dear Editor: I am writing this letter to all of the people in District 1.

Dear Editor: A little over six weeks ago, I had the opportunity to see Nicholas County's ambulance service and the staff on duty at your service.

Dear Editor: I am hoping the citizens of Carlisle support the six council members we've had for the past three years - Libby Earlywine, Sharon Faulstich, Doug Garrett, Charlie Fay, Tommy Vaughn and Sandy Ritchie.

Dear Editor: This has been consumed mostly by salary increases and transportation. In 1995, the school bus was about \$25,000. At the last board meeting, we bought a new bus for \$47,240.

This brings me to my final point. We have five Districts that will choose board members this year. District 1 has only one candidate, unopposed.

It would be my hope they will be here to see these projects completed. Again, to me, I say thank you for your time and effort in working and making things better for all of our citizens.

NOVEMBER, 1996 Specialty Services

Table with columns for dates (Monday-Friday) and times (9 AM, 1:30 PM, 3:30 PM) for various services like Dr. Pam Conib, Dr. Mark Pansatt, Dr. Ann Hester, etc.

Patton visits Nicholas

By LAURA FRYMAN Staff Writer... Governor Paul Patton visited Nicholas County last Thursday and put a \$150,000 check in County Judge Executive Charles 'Chuck' Smith's hand.

The governor was asked about how he felt about the KERA scores that were just brought out. He said that all he could say is that the school system is better than it was six years ago and it surely is better than when he was a child.

There was a question brought up about why did the governor's setback on his promise and not support the President. In essence, the Governor said one could catch more flies with honey rather than something that doesn't smell.

Debbie Kay Richardson has been accepted into the National Nurses List. She has been selected to receive honorary recognition from the Mayville Community College. This is a special award to recognize a college's most outstanding students.

The Governor was welcomed to the city by the Nicholas County Marching Band and several constituents of the county and city. Dr. R.B. Sparks made opening remarks suggesting that Governor Patton was the first Governor to succeed him.

The Governor answered with a question - he asked the students his opinion of the uniforms. A large part of the student audience viewed disapproved of the uniforms being in school.

The next question came from Jeffrey Dunn, when he asked what Nicholas County needed.

I will offer a personal view of a question I think Steve Beahar would make and a question I think I have been associated with him from past political races in the years. He is a good person and cares about the people and the state.

I think he would be more concerned about our needs as a Central Kentucky County area. We need people who know our area and can help us get the grants we need for water and many other needs. We need someone who can help our people get federal jobs when they become available.

I just think a democratic senator would be a great influence for our state. We need a voice of calm and reason in Washington, D.C. Sincerely Yours, Allen Clay Stouss

Gilbert named advisor

A former Carlisle resident, Candace Ann Gilbert now of Stanton, daughter of Mr. and Mrs. Robert Gilbert, Jr. of Bardonia has been chosen among 84 resident advisors for the 1996-97 school year at Morehead State University.

Gilbert is a sophomore and member of Chi Omega social fraternity and the Student Alumni Ambassadors. Resident advisors assist the hall staff in making residence halls a better place to live, according to Dennis McKelvey, area coordinator of the RA program. They present educational programming, serve as community builders on their floor and keep students informed about campus activities and responsibilities.

Richardson is also a member of the International Honor Society of Phi Theta Kappa, Beta Alpha Kappa Chapter and she is a member of Leadership and Service Committee.

Richardson is the wife of David Richardson, a graduate in May of 1997 with a degree in psychology. She is currently employed at Eastern State Hospital where she plans to be a psychiatric registered nurse.
