Fight Leukemia

SNAPS—Children at Children's World Learning Centers throughout the country are using spare change to help children with leukemia. At the same time, these children are increasing their own knowledge of math, science and history. The program is called Coins for Kids.

Kentucky Literacy

CARLISLE- There are some 400,000 Kentuckians who cannot write a check or read a simple storybook to their child. There are programs available to help them do so, but for those who would like to learn to read or improve their reading, don't hesitate! Call us! This could mean a better job or promotion. They could feel the satisfaction of doing their own banking, reading a story to their child, or reading for their own pleasure. There are trained volunteers who would like to help at the Nicholas County Resource Center. This can all be very confidential. Call us at 289-3702. Learning to read can make a big difference in someone's life. Find out today! Just call!

James 2:14 What (doth it) profit, my brethren, though a man say he hath faith, and have not works? Can faith save him?

15 If a brother or sister be naked, and destitute of daily food, 16 And one of you say unto them, Depart in peace, be (ye) warmed and filled; notwithstanding ye give them not those things which are needful to the body; what (doth it) profit? 17 Even so faith, if it hath not works, is dead, being alone. 18 Yea, a man may say, Thou hast faith, and I have works: show me thy faith without works, and I will show thee my faith by my works. 19 Thou believest that there is one God; thou doest well: the devils also believe, and tremble. 20 But wilt thou know, O vain man, that faith without works is dead?

It's not a moment too soon to help. Leukemia takes the lives of more children than any other disease, reports the Leukemia Society of America. This organization sponsors research, patient care, public and professional education and community service.

Since 1989, the Children's World centers have raised over a million dollars to help the Society's efforts. The Centers teachers discuss with the children the importance of helping, others, how coins are made, and teach about leukemia and medical research.

The Leukemia Society provides information about leukemia and related diseases at 600 Third Avenue, 4th Floor, New York NY 10016-1901.

Pastors Column

by Rev. Darrell Sexton
Carlisle Assembly of God

Though we know that we are saved by faith and not by works the Bible has much to say regarding them. Churches spend a lot of time praising for things they never seem to get.

While I am an advocate of prayer and believe it to be the foundation of our faith, there must be a reason for this. One reason among many others is because we don't put, as one preacher said, "legs on our prayers." This means that we should pray and then go do something about it.

The verses here in James indicate that it is useless to say to a destitute person "go and get warm and get you something to eat," when they have no means of getting those things. Many times when we pray for people, God will use us to answer our own prayers.

The Lord has said that the church is His body in the earth. A body has parts such as hands, feet, a heart, etc. Ephesians 5:23 says that Christ is the head of the church. The head contains the brain which tells all the bodily parts what they are to do.

Then it is up to the rest of the bodily parts to carry out those orders and do the work of maintaining and building the body. We may not like to admit it but we are all dependent on each other to remain healthy as the body of Christ.

Many christian people believe there is a God, but they don't really believe that He wants to work in their everyday lives. To them He is a God of long ago. I believe that whatever He did in Bible days He also does to day, for He remains the same yesterday, today, and forever! If He forgave sins then He forgives them now!

If He healed all manner of sickness and disease then He will do the same for us! If He was able to drive out the powers of darkness then He can do it now! Jesus was there when the worlds were framed and nothing was made without Him.

If He designed the worlds and everything in them He certainly knows how to fix things when they get broken. He wants to use you and I to fix them. The Holy Spirit came to empower us to do it.

It's time the church stops waiting for the world to come to it and start going to them. We are God's hands to touch, God's feet to go, and God's ears to listen to the cries of those in darkness and despair.

We can make a difference if we go in Jesus' name. He will use us if we will make ourselves available.
