Natasha's Stars

ARIES (March 21 to April 19) That reinforcement or refund check you've been counting on isn't likely to come anytime soon, so stop stalking the mailbox. Later in the week, sit down and think about how you must adjust your budget. Time by yourself is recommended this weekend.

TAURUS (April 20 to May 20) You're not feeling on stable ground with your significant other, but don't force the issue. This person is touchy this week and a fight could ensue. This weekend, a revelation comes to you.

GEMINI (May 21 to June 20) You've really been pushing yourself hard and need to relax a bit. If possible, take some time off this week from the job. Feel free to indulge and treat yourself to a minor luxury. Someone you're interested in romantically doesn't share those feelings.

CANCER (June 21 to July 22) Unfortunately, things aren't going your way this week. This makes you out of sorts and you tend to snap at coworkers and family members. Try to take this in stride and guard your temper.

LEO (July 23 to August 22) You're letting a certain cantankerous co-worker get on your nerves. Forget this person's gripes. You have things to do. Don't allow yourself to lack bad in the eyes of bigwigs by ignoring tasks at hand.

VIRGO (August 23 to September 22) Friends and family aren't really so supportive as you'd like concerning something you propose early in the week. Nevertheless, believe in yourself and stick to your plans. The weekend is favored for taking up a new hobby.

LIBRA (September 23 to October 22) You're beside yourself with worry over the spending habits of your mate. Instead of blowing your top, take time to have a heart-to-heart talk to straighten things out. If not, your mutual finances will suffer.

SCORPIO (October 23 to November 21) You can't seem to concentrate on the job this week. Co-workers resent this and feel you're slacking off. Look for ways you can motivate yourself before bigwigs are forced to step in.

SAGITTARIUS (November 22 to December 21) Make sure your business and home lives are kept separate. A co-worker is being intrusive into your private life and you've been allowing it. Nip this in the bud now. At home, avoid insisting on getting your own way.

CAPRICORN (December 22 to January 19) Stop feeling so sorry for yourself. You're not as ignored and misunderstood as you'd like to believe. Those around you are busy with their own pursuits. Over the weekend, you can all catch up.

AQUARIUS (January 20 to February 18) You're not thrilled with what someone has to tell you. You've been too self-absorbed and overbearing. Remember, you don't always know what's best, despite what you'd like to believe. Open your mind.

PISCES (February 19 to March 20) Work hours are hectic this week. You love to help those in need, but your input is sometimes perceived as meddling, which causes you to feel insulted. Don't overreact. You'll regret those bitter words.

Soap Updates

ALL CHILDREN: During Hayley and Mateo's engagement party, Edmund offered Noah a job in Tempo's photography department; Scott and Laura made a date; Adam offered Mateo a job. A shadowy figure grabbed Bianca at the Wildwind stables. Later, the kidnapper told a horrified Erica not to tell anyone what happened. Scott showed Liza Skye's disastrous first producing effort, and promised he'd help in her lawsuit against WRCW. Skye's scheme to introduce Arlene and Hayley on The Cutting Edge backfired when Hayley introduced herself as Skye's sister. **Wait To See:** Erica follows a clue to the kidnapper's identity.

ANOTHER WORLD: Cody took Josie to a seedy hotel room where he called Grant to verify if she's Mrs. John Hudson (Sharlene) and then demanded a ransom. Meanwhile, Cody leaned Josie's a cop and was about to kill her when Gary broke in. Carl told Rachel and Matt why he went to Chicago. Steven told Gregory stories about a villain named Grant. Maggie confessed she's not pregnant. The tune Bobby recalled was the one Vicky hummed earlier. **Wait To See:** Felicia considers John's proposal.

AS THE WORLD TURNS: Nikki and Ryder persuaded Mrs. Talbott to live, and she remarked him with a surprising gift. Emily prepared to "expose" Umberto to Lily and Lucinda but realized Diego sabotaged the tape. Later, Diego told a stunned Emily he's ending the embezzlement scheme. Martin called Mai Ling to say he's not sure how much longer he can string Lisa along. A jealous Dani vowed to take Ryder from Nikki. **Wait To See:** Lucinda has surprising answers to Barbara and Lisa's questions.

BOLD AND THE BEAUTIFUL: Grant told Katie the relationship between Brooke and Ridge was fading and he was simply the catalyst they needed to realize what was happening. When Brooke berated Taylor for lying about a fling with Ridge, Taylor taunted Brooke for her distrust of Ridge. She warned Brooke that unless she got her act together, she (Taylor) was prepared to step in take Ridge back. Later, a panicked Brooke managed to stop Grant before he could tell Ridge how he felt about her. Taylor said she understood how Jessica was feeling after the rape since she had been terribly frightened by an intruder (perhaps a potential rapist) in her home. With tears in her eyes, Brooke threw away Grant's gift turtle as she prepared to seduce Ridge. **Wait To See:** Sheila tries to make a decision about her future.

THE CITY: The concern rose for the missing Jocelyn. Sydney continued to worry that her revelation to Richard that he was the baby she had with Nick, would cause a permanent estrangement. Richard, meanwhile, waited for the results of Nick's surgery, realizing life for both of them had changed forever. Ally and Tony faced the fact that marriage was,she only way they could deal with the subpoena. Carla and Gino faced some unsettling facts. **Wait To See:** A discovery could lead to an important clue.

Dear Diane

by Diane Van Arsdale

DEAR DIANE:

I am 60 and my husband is 65. Last recently, he retired from his job, which was something we both looked forward to for so long. He had a good-paying position and we are comfortable in our retirement. However, his job required him to travel quite a bit, leaving me basically to raise the kids and take care of the house. As a result, I'm used to doing things my way and am very independent.

Unfortunately, this is causing a lot of problems between us. When I go to the supermarket, he wants to come. If he does come, he's got to question what I'm buying, how much it costs, etc., etc. At home, he follows me as I clean and points out spots I've "missed." Believe me, the spots are invisible. After all, he never complained or even looked at how I cleaned before.

As for the checkbook and handling of the bills, he goes through it like an IRS auditor! He questions everything. If I give to charity and he feels it's too much, he raises the roof. I've been doing this all our married life, and now he's upset?

I love my husband and we've had a good life together. However, I don't know how much more of this I can take. Any suggestions on how to get him off my back?

MICROMANAGED

DEAR MICRO:

Your husband is bored, plain and simple. As a colleague of mine put it in her seniors' column, men connect who they are with what they do for a living. Thus, he's suffering from a feeling of uselessness and aimlessness.

Why not join a senior center and get him involved in the activities there? If he likes to bowl or golf, force him to get out and do these things. In a gentle, loving way, tell him that you love him dearly, but you'd appreciate it if he'd stop following you around. Let him know that just because he's retired, it doesn't mean he has to spend every waking moment with you.

Home Tips

WALLPAPER — When wallpapering recently, I discovered that the little plastic trough that you buy to wet the paper in, before applying to the wall, had a hole in it.

To save myself a trip to the store, I used an ice chest. It was wonderful!

I like to use warm water when papering. I closed the ice chest lid between pieces of paper and the water stayed warm.

I also liked the depth. Nothing was spilled on the floor. The troughs are shallow and awkward to handle, so I always had a mess. Liz F., Aztec, N.M.

Editor's Note: If you're going to use this tip and then reuse the cooler, make sure you've thoroughly cleaned it of all glue residue. You don't want that mixing in with food products.
