Your East End Park yard sale donation will help children

Your donation of a household item at the Sept. 6 Community Yard Sale will help assure new playground equipment at East End Park.

The Nicholas County Clean Community Campaign is up and rolling once again to sponsor the effort and asks for community-wide support.

After lacking the county-wide cleanup effort in April, the committee is ready for another project.

This time it is working with the Parks and Recreation Board to restore the playground area at East End Park and make it safe and enjoyable place.

In an interview with Joan Morris and Patti Wentz, members of the cleanup committee, they stated that the idea to do something about the park situation came about rather casually.

Joan Morris had several clients who are young mothers in the community talking about unsafe conditions in the park.

However, the total expenditures the committee has estimated for basic repairs, removal, planting of one tree and replacement of the swings are more than \$1,000.

That's why we have planned a community yard sale on Sept. 6. They are hoping to raise the additional funds to get the park in safe repair.

The committee is asking for donations of used furniture, children's clothes, dishes, and other household items.
