Juveniles have Jan. 22 court date for vandalism

The county has put up a cable across the entrance to the Nicholas County Jail Club house. The tentative court date is Jan. 22, Hughes said. The judge had asked the juveniles to come in one hour before, committed a crime. They were allowed to talk to their attorneys. Hughes said. The juveniles were taken to the county jail and held there until Friday morning when they found the damage. "We don't know the dollar amount," Hughes said. "I've been up there since their meeting last Wednesday the three Nicholas

Card of Thanks

I would like to thank my family, friends and neighbors for the prayers, flowers, visits, fruit baskets and food while I was in the hospital and since I have come home. Thanks to the Nicholas County Ambulance Service, the Nicholas County hospital staff, Dr. Kardon, Dr. Charles Martin and the staff at St. Joseph Hospital. A special thanks to Roy, Jim Gaunce and Rev. Darin Jarr for their visits and being with my family during my recovery. God bless each one.

Ignoring symptoms of emphysema will make breathing more difficult

The following article is presented as a public service of the Nicholas County Hospital. It is a Special Services and the UK Department of Pulmonary and Critical Medicine Care. The UK Division manages a pulmonary medicine clinic once a month at Nicholas County Hospital. Emphysema is an all too common form of lung disease that creates serious problems for people every year. People with emphysema have difficulty breathing, especially when they try to exhale. The reason for this is that the lungs are gradually losing, or have lost, their ability to push air out. They remain partially filled with air that stays and will not expand. Heredity plays a role in some cases of emphysema, but the primary cause of the disease is smoking. Smoking damages air sacs in the lungs, forcing these sacs to lose their elasticity and therefore their ability to contract and force air out. While there is no cure for emphysema, it can be prevented. Family agrees to order more stack for outdoor furnace on Mulberry Street.

Bill Guthrie and family of 318 N. Elm, Carlisle, should have been notified that they ordered the stack but doesn't have any control when it will come. The Dennis Jackson family of 212 E. Mulberry, has ordered additional stacks and will receive their new outside furnace this week. Guthrie told Carlisle City Council on Jan. 6 that the stack was shorter than the rooftop in the area and would allow a grading, but rather permit to permeate his home.

EARLY PUBLIC NOTICE OF POSSIBLE FLOODPLAIN/WETLAND IMPACT AND PUBLIC NOTIFICATION FOR INFORMING THE PUBLIC OF POSSIBLE IMPACT TO AN IMPORTANT LAND RESOURCE

NICHOLAS COUNTY FISCAL COURT AND NICHOLAS COUNTY WATER DISTRICT
 The Nicholas County Fiscal Court, as a HUD Community Development Block Grant (CDBG) applicant, has obtained preliminary funding approval for a water-service extension/improvement project to be carried out by the Nicholas County Water District. In addition, there are up to 22 miles of additional water lines that might be constructed with Rural Development contingency funds, should there be any funds remaining after construction of the project as previously described. The Nicholas County Water District proposes to purchase water from the Buffalo Falls Water Association. In order to make the necessary connection with Buffalo Falls State Park, the water association will need to construct a 1,000 ft. line of water main. If implemented, the proposed project may impact important farmland and designated flood plains within the corridor and/or areas of the proposed improvements. In order to serve the proposed new customers, water lines must cross several creeks and the Licking River. The purpose of this notice is to inform the public of this possible impact and to request comments concerning it. The proposed line location on farmland and flood plains, 2) alternative sites or actions that would avoid these impacts, and 3) possible mitigation methods that could be used to reduce these impacts. Information concerning the proposed project is available for review at the following offices: 1) the County Judge/Executive's Office, Nicholas County Courthouse, Main Street, Carlisle, KY 40311, and 2) the USDA Rural Development District Office, 220 West First Street, Morehead, KY 40351. Any person interested in commenting on the proposed project may do so by sending written comments within 30 days following the date of this publication or by February 17, 1997 to the County Judge/Executive Charles Smith, Nicholas County Courthouse, Main Street, Carlisle, KY 40311, or to the USDA Rural Development, Rural Development Manager Joseph C. Frazier, 220 West First Street, Morehead, KY 40351. WHAT IS THE EDUCATIONAL PREPARATIONS FOR PHYSICAL THERAPISTS?

This is not a question answered easily or correctly by most individuals in today's society. Physical therapists are college graduates with such pre-requisite classes as psychology, biology, physics, statistics, chemistry, English, professional ethics and humanities. Once they have completed a well-rounded basic college education, it is time for them to apply to an accredited physical therapy program if they choose. If accepted into a physical therapy program, the student is extensively schooled in such fields as human anatomy, and physiology, life science, neuroanatomy, and many other related fields. Within the program, the student will have many opportunities to apply and integrate classroom learned theories into practice through extensive clinical education offered through a variety of practical settings. "Clinical" is considered practically throughout the program to insure a student is able to then be a large amount of work on an experience prior to graduation. Depending upon the school chosen and the level of education of the program, the new graduate will have achieved a Bachelor's Degree or a Master's Degree in Physical Therapy. The opportunity is open to them at this time, to continue their education and obtain a PhD in physical therapy.

Finally, before beginning practice as a physical therapist, the individual must pass a licensing examination in the State in which they will be practicing, certifying them as a Licensed Physical Therapist. It is before this exam that the student must pass a Physical Therapy Test completed continuing education courses. There is "much to learn" for the PT, and the educational process is better ongoing. It is the individual's responsibility to continue their education through their life. At the Physical Therapy Centers of Ashland, Grayson, Wheelersburg, and South Shore are dedicated to providing each patient the most current therapy, through treatment, and highest quality of care. Welfare changes noted in Kentucky

William Hoyt looked into the future and he saw it. An exodus of welfare recipients from the east and southeastern Kentucky to Lexington, Louisville and northern Kentucky. "I'm going to be a challenge to it." Hoyt said. "Instead of the familiar welfare program with no limit on participating and largely supported by abundant federal money, the new system restricts the time a recipient can participate and only provides a set amount of money to state. He noted that most people on welfare have low levels of education and job experience. Factors that will limit them to low wage jobs. "Limited work experience and education make the retail and service sectors the only viable employment options for former recipients." Hoyt said. "The assistance provider of social work at UK, said the new wage earners will face problems beyond monetary work. "We're not just talking about people claiming jobs, but also retaining jobs," he said. "Former welfare recipients will need help finding and paying for child care while they're at work, and that's just one of several obstacles they might face. There's just an incredible number of barriers," Secrest said. "The new welfare system's transportation needs as well as attitudinal problems. Governments can help by providing the new workers with subsidies for some items like child care and transportation, he said. But for the welfare reform to truly have the sought after results, that help must be self-perpetuating. "It's not just about taking someone out of welfare, it's about making sure they can take active role," he said.
