## I Never Feel Alone!

I told my daughter, because I have Lifestar, I'm connected 24 hours a day to people who know and care about me.  
 It is so easy to get connected because my local Lifestar program sent me another. He was very helpful, wanting to make sure that I understood how the service works. It's really very simple. We sent an e-mail message and he'd send me the manual so how I can use my little portable button to call a Lifestar I should know I can talk with the people at Lifestar, using the Land Rover, communications system. It's convenient that I can take care of myself, knowing that I can always reach Lifestar.  
 It's a great comfort to know I can call someone at Lifestar 24 hours a day, and that there's a person on the other end of the line. And it's not the typical kind of help a neighbor or friend - it can be an emergency service. It's convenient that I can take care of myself, knowing that I can always reach Lifestar.  
 My life is better, someone who reaches the assistance of Lifestar.  
 For more information about the Lifestar service, please contact:
