Carlisle has new development booklet available

FRANKFORT - A new 'Resources for Economic Development' report for Carlisle has been issued by the Kentucky Cabinet for Economic Development.

Carlisle was one of 200 communities to have a report done. Reports are produced with state funding.

Secretary of Economics Development Gene Strong said the report is a basic tool used in introducing and promoting the community to industrial prospect. "Local economic development professionals and community leaders, as well as Cabinet for Economics Development staff members can use the report to provide key data about the community to those companies interested in Carlisle as a potential business location."

Carlisle is one of 200 communities for which economics development reports are prepared by the Cabinet's Division of Research. The data is gathered by the Division of Research through on-site visits to local city and county officials, members of commerce, industrial groups and other community sources. The Division of Research attempts to update the reports every two years.

For a copy of the report, send $5 plus six percent sales tax to the Maps and Publications Office, Kentucky Cabinet for Economics Development, 133 Holmes St., Frankfort, KY 40601; or call (502) 564-4715. Visa and MasterCard are accepted.

EDWARD B. HATCHETT, JR.
AUDITOR OF PUBLIC ACCOUNTS

To the People of Kentucky:
Honorable Paul E. Patton, Governor
John P. McCarty, Secretary
Finance and Administration Cabinet
Margaret Handmaker, Secretary, Revenue Cabinet
Honorable Charles Smith, County Judge/Executive
Honorable Charles Ring, Nicholas County Sheriff
Members of the Nicholas County Fiscal Court

Independent Auditor's Report

We have audited the accompanying statement of receipts, disbursements, and excess fees of the Sheriff of Nicholas County, Kentucky, for the year ended December 31, 1996. This financial statement is the responsibility of the Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Sheriff is required to prepare the financial statement on a prescribed basis of accounting that demonstrates compliance with the cash basis and laws of Kentucky, which is a comprehensive basis of accounting other than generally accepted accounting principles. This cash basis system does not require the maintenance of a general fixed asset group or general long-term debt group of accounts. Accordingly, the accompanying financial statement is not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the receipts, disbursements, and excess fees of the Sheriff for the year ended December 31, 1996, in conformity with the basis of accounting described above.

In accordance with Government Auditing Standards, we have also issued a report dated June 3, 1997, on our consideration of the Sheriff's internal control structure and a report dated June 3, 1997, on compliance with laws and regulations.

Respectfully submitted,

Ed Hatchett

Edward B. Hatchett, Jr.
