Don't be jealous of children!

In all my life I will never understand the jealousy that given people have against kids. This is a problem some people have in Carlsle, I am sure it is a problem everywhere but I can only write about the people I know.

When children are doing good when it comes that some people don't think that recognition should be involved, will sum here to tell you if there is anything to say about it.

The word on General Restoration, the firm providing the dome, windows and brick repair at Nicholas County Courthouse is "good."

Workers began applying scaffolding to the courthouse Tuesday so work could soon begin to restore the dome. The dome has been known to shift.

"We're friends now, but will be friends in 150 years when we're both dead," said the contractor's manager.

General Restoration is known to specialize in restoration of courthouses and churches. The finished product shows the historic value of each building was kept in mind.
