Doctor Prater" When cataracts stopped Ruth Lancaster

from enjoying her favorite activities, she called Doctor Bryan Prater. He's this area's most experienced eye physician, and haseleared up more cataracts than any physician in the region.

Ruth Lancaster 83 of Maysville, started this thedral Window quilt after her cataract surgery

"Thank God For Giving Us

"I was getting pretty blind in one of my eves," she says. "I hadn't been quilting for a while, because I couldn't see to thread the needle. Now I can. The operation was worderful...it really didn't hurt."

"Now I can watch television and read my Bible and the newspapers. I can even read the fine print. Used to be, I couldn't even read the headlines. The surgery really has changed my life."

"If you can't read or see TV or quilt, don't sit there and worry. Go see Dr. Prater.
