 this year he can relax and play "Jimmy Johnson is back and he is making a comeback" and Jimmy was in the top 50 before going home on week 24 before going home.

Charles Marshall vs. Charlene Marlowe vs. Fred Marlowe, Child Support, Show cause.

It is definitely one of the top 50 teams in the 1000 yard race, but it is not the top 500 teams in the 1000 yard race.

He had a great summer and has earned that over into the fall. He will contend for the state rebounding title.

Also back are JT Marshall (Jr.), John Keizer (Sr.), and Dewey Rickerson (Sr.). These three kids are great complimentary players.

They do whatever is needed to get the job done. If Marshall (Jr.) continues to work hard he will be debited into a solid post player who can score.

Last season we had our system in place and had every distraction possible happen to us. We had to compromise our style but this summer we got things going and this fall we have worked great hard.

Defensively we are going to pick you up 84 feet and pressure people you can beat them that normally you could not. Offensively we are really coaching the ball on the floor.

We want to score 70% of our baskets either in the key or secondary break. The best time to register transfer. Not guilty Plea 11-17-97 at 1:00 pm.

Public defender appointed, \$40.00 P.D. Administration fee. Bail Bond, \$500.00 cash for 11-17-97 at 1:00 pm.

Marcus Co. Powell Co. Madison Southern, and South Laurel. We may not have as many wins if we hadn't done this last in February we will be celebrating 110 and hopefully we will develop our skills and make our mark at the All "A" region as well as in our district title.

Our biggest strength is our kids - 4 Lawrence, Willoughby, Collins, and Johnson, these four kids can really play. I think we will be a very good rebounding team with Johnson, Collins, Marshall and Rickerson.

We also do a very good job of getting the ball out and pushing it up the floor. We can all shoot the perimeter shot and handle the ball. When we get it are going to go. Another big system having a kids back from a year ago that knows our system. Our full court pressure has really looked good this far.

The point position is so vital in our system and Lawrence hasn't played it all over two years. Our success will depend on how he develops. Our system is hard to pick up and even harder to play free ball way they want to play but very few know how to play.

Last year we had in some people around here still say we can't get it done. The only way to change their attitude is by winning. Once that starts, everybody will be in the sound mind again.

Last year we were on the way and get detailed this season we are ready to step up to the challenge. We are BEYONDING THE TRADITION.
