ARIES (March 21 to April 19) Pay closer attention this week to your younger members of your family. Some of them could be suffering emotionally. Your attention makes a world of difference.

TAURUS (April 20 to May 20) Participating in group activities isn't favored early in the week. Concentrate instead on your future. Hone in on your assessment of your father's success.

GEMINI (May 21 to June 20) You come to a decision about a romantic dilemma that has been on your mind for some time. The ultimate result leads the relationship in an exciting direction this weekend.

CANCER (June 21 to July 22) Keep news of a family member's financial problem confidential. Do all you can to help them of lending your relative money. This could lead to problems.

LEO (July 23 to August 22) You are at odds with your loved one, who is preoccupied with a problem that has nothing to do with you. Don't press the issue. The worst of problems is a fun social engagement.

VIRGO (August 23 to September 22) Some surprising news comes from a confidant. However, don't act too quickly. Patience is the key with this bombshell.

LIBRA (September 23 to October 22) Stop procrastinating! Get that project off the back burner. Your client may be into a missing success. Once the project is complete, you can relax over the weekend.

SCORPIO (October 23 to November 21) You have a new outlook on life and restored self-confidence.
