Nicholas County High School hosts Career Fair for students, community

By Amy Rankin
Managing Editor

The Nicholas County High School hosted a Career Fair Thursday, April 2, for students, their families, and the community.

Local and regional businesses as well as colleges and universities were on hand to discuss opportunities for career advancement or placement.

Tables arranged in the gymnasium boasted such names as: Whitaker Bank; Maysville Community College; the Kentucky National Guard; Lindsey Wilson College; Nu-Tek Academy of Beauty; Pikeville College; the Office of Nicholas County Attorney; Toyota Motors Manufacturing; Congress Candidate; Spencerian College; Kentucky Tech; Hughes, Letcher & Williams P.S.C., Mathers & Gaunce Funeral Home; Midway College and Northern Kentucky University.

Students were permitted to attend the fair from 1-5 P.M. in the school's gymnasium and the public was invited from 3-5 P.M.

Most students gathered information from the various colleges and universities represented at the fair and businesses offered descriptions of their work and requirements for employment.

About twelve students from the Advanced Foods Program at the high school prepared and distributed a wide variety of treats for the guests at the fair, including special dips, finger sandwiches, and special desserts.

Students who participate in the Advances Foods Program not only learn the art of cuisine, but receive class credit as well.

Students who attended the fair seemed interested and actively involved and were given a wonderful opportunity to plan their prospective futures.

Nicholas County High School hosts General Assembly Program

By Amy Rankin
Managing Editor

The Nicholas County High School held a special General Assembly Program Friday, April 3.

John Hodge, Principal of the vocational school in Cynthiana, made a presentation to students, discussing the various courses of study offered by the school.

Jeremy Baker, Jeremy Bird and Brad Dennis, all students of the vocational school, accompanied the principal to talk to students about the three areas of training at the center, including business, trades and technology, and health sciences.

The students explained the many ways the vocational school has prepared them for future careers and Principal Hodge allowed students to view a video made at the training center, depicting the different areas of the school and classroom environments.

The principal described the Career Major Course Plan, explaining that each grade in high school has separate levels of training, which advance as the student matures.

After the program, students were given the opportunity to speak with Hodge and the three students individually and sign up for vocational classes.

Jim Lally, an instructor at Nicholas County High School and organizer of the event, stated, "Our goal is to greatly increase the number of students who attend vocational school."

Lally says that the number of students from Nicholas County who participate in vocational training has dropped drastically and he hopes that the Assembly encouraged some students to at least consider, if not commit to, taking courses at the school.

BUTCH AND DOUGIE by ALEX HOWELL

Your Horoscope by Natasha

ARIES (March 21 to April 19) Be sure to follow through on family commitments. Don't allow bickering over small matters to spoil your week. Family members are undecided about who does what, so be prepared to delegate responsibilities accordingly.

TAURUS (April 20 to May 20) A few cross words with a partner could temporarily upset you, but overall, this is a good week for conveying ideas and enjoying leisure activities. For the most part, those around you are cooperative and in a good mood. Key in on them for peace of mind.

GEMINI (May 21 to June 20) Make plans for some future travel and also for fun and exciting times. There may be one monetary dispute on your mind, but rest assured that all is well. A friend surprises you with an interesting suggestion this weekend.

CANCER (June 21 to July 22) Leisure activities and romance are highlighted, but a pesky friend could irritate you. Work developments bring an improvement in your income. However, don't let a pessimist's gloom and doom prophecies drag your buoyant mood down.

LEO (July 23 to August 22) Although it's not a good week for signing papers, you are in agreement with partners and clients about important issues. This sets a harmonious tone for the entire week. Socializing is a plus this weekend.

VIRGO (August 23 to September 22) The emphasis is definitely on saving rather than spending. Look for possible investments that will make your money work for you. Investigate innovative options and opportunities, since it's a good week to be adventurous.

LIBRA (September 23 to October 22) Speaking up is preferable to moodiness and keeping things in. Powerful connections prove helpful to you in business. The weekend accents togetherness with friends and family.

SCORPIO (October 23 to November 21) You certainly should stay away from gambling. Also, try not to overspend. Indications are that a heart-to-heart talk will benefit both yoof and a loved one regarding a mutual concern.

SAGITTARIUS (November 22 to December 21) A family member is quite moody this week. Make sure everyone at home has the chance to participate in a project. Doing so will ensure that no one feels left out or ignored.

CAPRICORN (December 22 to January 19) Dealing with a co-worker's sensitivities can be quite trying. Once you detach yourself from this situation, you'll begin to make progress. This person's feelings are being blown out of proportion.

AQUARIUS (January 20 to February 18) You're the one who's so concerned about reputation, so be careful not to jeopardize it with foolish or indiscreet behavior. However, should you slip, don't be too hard on yourself. Learn from your mistakes instead.

PISCES (February 19 to March 20) Diners who have been too lax with themselves could go on a binge. Adopt moderation, if possible. Get sufficient and well-deserved rest over the weekend.
