Basic Package - $19.99

When you make an appointment in our studio, one hour of studio time is reserved in your name.

A professional photographer will take up to 24 photographs in our studio. You may use any props or clothes changes you prefer.

The prints are ready for you in a hand-some portfolio the next day. The prints are yours to keep.

After you review your prints, additional packages are available.

Fish and Wildlife Commission approves deer season dates and zones for 1998

Deer season dates and zones for 1998 were approved at the March 6, 1998 Fish and Wildlife Commission meeting in Frankfort. Fifty-one counties had their seasons liberalized. Only one county, Perry County, will be closed to deer hunting.

The biggest change for the 1998 deer season is the addition of three bonus deer permits. Hunters will be allowed to purchase a bonus antlerless permit for a fee of $10 to be used in quota hunts. Another bonus antlerless archery permit may be purchased for $10 and is good in zones where antlerless is legal. The third bonus antlerless permit will be available for gun and archery hunters for use in any Zone 1 county. It will also cost $10. Bonus permits can only be used by hunters who have already purchased a statewide deer permit.

Hunters will have the option this year to check in deer using a toll-free phone number, 1-800-5CHECKIN. The call can be made from touch-tone phones and will take about 90 seconds to complete. Hunters will be required to check in their deer either at a check station or by using the toll-free number. Either way, deer must still be checked in by 9 A.M. the day following harvest.

Hunters can also apply for quota hunts by using a toll-free number this year. When calling this number, hunters can list a first and second choice and will be awarded preference points if they are not drawn for a quota hunt. The number has not yet been named, but the application process will take place during the entire month of August. For youth quota hunts, the Commission voted to do away with the minimum age limit provided the youth hunter has a Hunter Education course completion card and is accompanied by an adult.

Persons who are not required to buy a deer permit will receive a free carcass tag wherever hunting and fishing licenses are sold. The toll-free phone number for deer check-in will be listed on the carcass tag.

Finally, deer hunting regulations were modified on several Wildlife Management Areas. The changes will be listed in the 1998 Kentucky Hunting Guide available in June. From the Kentucky Department of Fish and Wildlife Resources (KDFWR) and wherever licenses are sold.

The Commission also voted to amend year-round hog hunting.

The season will be open year-round in all Kentucky counties except McCreary County. In McCreary County, the season will be open during all deer hunting seasons and from January 16, through February 28. During deer seasons, only legal deer hunters using legal deer hunting methods may hunt hogs.

The Fisheries Division recommended several items to the Commission for consideration at the meeting. Those items included limits on white bass, yellow bass and striped bass and the hybrids on Grayson Lake, changing limits on Dale Hollow Lake to coincide with Tennessee fishing limits, and including several regulations on several small public lakes. The fisheries Division also proposed a catch and release artificial lures only season for trout from October 1 through March 31 in five streams in eastern Kentucky.

In other fisheries recommendations, the Commission was asked to approve nighttime bowfishing for catfish and monthly harvest reports from commercial anglers.

The Commission voted to withdraw mussel limits set at the December Commission meeting. The limits were set to coincide with Tennessee mussell limits, but Tennesse did not pass their size limit changes.

The Fish and Wildlife Commission meets quarterly and recommend all hunting, fishing and boating laws for passage by the Kentucky General Assembly and approves expenditures made by the KDFWR. Their next meeting will be held June 12, 1998.

Persons interested in addressing the Commission must notify the KDFWR Commissioner's Office in writing at least 30 days in advance to be considered for placement on the meeting agenda. People who are hearing impaired and plan to attend the meeting should request to address the Commission, write to KDFWR Commissioner Tom Bennett, #1 Game Farm Road, Frankfort, Kentucky 40601.

Kentucky Transportation Cabinet brings PRIDE back to the state

The Kentucky Transportation Cabinet will help increase PRIDE in Kentucky this month, as it celebrates the 10th anniversary of the Adopt-A-Highway Program and participates in other environmental initiatives throughout the Commonwealth.

Cabinet employees will assist the efforts of the Kentucky PRIDE (Personal Responsibility In a Desirable Environment) cleanup scheduled through April 4th.

Later in the month, employees and civic organizations across the state will join forces for the Annual Adopt-A-Highway Spring Cleanup, scheduled every year the same week as Earth Day (this year, April 18-25).

The Adopt-A-Highway Program is a cooperative effort between the Cabinet and civic organizations to keep Kentucky's roadsides clean while raising environmental awareness.

Transportation Secretary James Codell is encouraged by the recent increase in environmental awareness throughout the state.

"The Cabinet has administered the Adopt-A-Highway Program for ten years, with the goal of increasing awareness and improving environmental education. We've never seen as much interest as we have this year. It's wonderful to see others jump on the band wagon."

Cabinet employees will be working in cooperation with each PRIDE coordinator throughout the current cleanup, providing manpower, equipment, and other services as needed.

Adopt-A-Highway Annual Spring Cleanup activities include a "most unusual litter contest" among groups, proclamations signed by each county judge and mayor, an art contest for school students, and, new this year, a Transportation Cabinet-wide cleanup.

The Adopt-A-Highway Program currently has approximately 2,000 participating groups and over 14,000 miles of highway adopted.

Codell believes education and cooperation are the keys to improving Kentucky's environment.

"If we can continue the education process, coordinate our efforts, and work together, we'll see a significant difference in the appearance and environmental health of our state, and we'll all reap the benefits through tourism, economic development, and personal PRIDE."

Federal assistance to be given to some counties

On March 3, 1998, President Clinton declared a major disaster in the State of Kentucky, based on damages and losses caused by severe winter storms, that occurred on February 4 through February 6, 1998.

As a result of this major disaster, nine primary Kentucky counties were declared eligible for Federal Disaster assistance including Farm Service Agency (FSA) emergency (EM) loans for eligible family farmers.

Those nine Kentucky counties are: **Bath, Estill, Jackson, Laurel, Lewis, McCreary*, Powell, Rockcastle, Wayne*.**

* Since these two counties were previously named as contiguous counties on February 12, 1998, under the presidential major disaster declaration M1197 Amendment #7, for the same disaster, the termination date for accepting EM loan applications will remain as October 13, 1998.

In addition to these nine counties, 20 other Kentucky counties were named as contiguous counties where eligible family farmers may qualify for FSA EM loan assistance, pursuant to section 321 (a) of the Consolidated Farm and Rural Development Act. Those counties are: **Bourbon, Carter, Clark, Clay, Fleming, Garrard, Greenup, Knox, Lee, Lincoln, Madison, Mason, Menifee, Montgomery, Nicholas, Owsley, Pulaski, Rowan, Russell, Wolfe.**

FSA will make physical and production loss loans up to $500,000 to each farmer in a statutory 3.75% interest rate, subject to a test for credit.

Applications will be received in the local FSA office through November 3, 1998.

NEWS OF HEALTH

The Patient Access to Specialty Care Coalition, representing 130 patient advocate and medical provider organizations, supports "patient access"—the option given to consumers to go outside the HMO network at a reasonable cost.

"A patient access option also creates an incentive for HMOs to maintain quality standards," the coalition said recently.

FREE THINGS TO SEND FOR

Hunter Education Courses scheduled for free in April

A free Kentucky Hunter Education Course will be held on April 16 and 17, 1998 from 6:30 PM to 9:30 PM and April 18, 1998 from 1 PM until completion at the Cooperative Extension Service, 603 Millersburg Road, Paris with range work at the Paris Police Firing Range.

The ten hour course, sponsored by the Kentucky Department of Fish and Wildlife Resources and the Nicholas County Wildlife Club, Inc., will include classroom instruction in hunter ethics, wildlife identification, outdoor survival, first aid, firearms, bow hunting, and ammunition. The last session will include actual range firing and an examination.

Upon successful completion of the course, a graduate card will be issued which is valid in any state where such certification is required. Attendance at all sessions is required for certification.

Effective March 1, 1991, all hunters born on or after January 1, 1975, shall, while hunting, carry a valid hunter education course graduate card in addition to the appropriate Kentucky hunting license requirements. A new hunter not in possession of a firearm may carry a "National Bowhunter Education Program" course completion card in lieu of the hunter education card. Children under age 10 and persons exempt from purchasing a hunting license are not required to possess the card while hunting. Children under age 10 shall be accompanied by an adult of at least 18 years of age while hunting.

For additional information, please contact Butch Alexander, 289-2533, Mark Halpin, 987-2503 or Charles Dunn 289-3020.

(NAPS)—The U.S. sugar policy operates at no cost to the taxpayers. For more information, write the American Sugar Alliance at 1225 Eye Street, NW, Suite 500, Washington, D.C. 20005, or check www.sugaralliance.org

Sirena Antifreeze, which is safer for animals and children than conventional ethylene glycol (EG) antifreeze, will sponsor the American Humane Association's 1998 Be Kind To Animals Week and related activities.

The smallest fish is the pygmy goby of the Philippines. It measures less than 1/2 inch.
