"Nicholas County should be proud of their above average participation in this worthwhile effort."

The Trust For Life was created by the Kentucky Circuit Court Clerks Association and the state legislature in 1992 to collect donations at license renewal times to fund a year-round public relations and promotion effort to encourage Kentuckians to donate their organs and tissues so that others may live. According to the Kentucky Organ Donor Affiliates (KODA), the federally-designated organ and tissue procurement organization, last year 96 donors provided 318 "life saving" tissues and corneas were also donated.

On the back of each Kentucky driver's license is a place where drivers can note their desire to have their organs donated. It is very important that individuals talk to their families about this decision because the final approval for donations rests with the next of kin.

For more information about the Trust For Life and its donor awareness program, call the Trust's Frankfort office at (502) 605-0232. For additional information about organ transplants, call KODA at (606) 525-3456.
