Your Horoscope by Natasha

ARIES (March 21 to April 19) Although you have a tendency to get bogged down in minor details, you're efficient. Bigwigs take note of your accomplishments. Keep working on your special project, but take time off this weekend.

TAURUS (April 20 to May 20) Beware of people who are too outgoing and forgiving. They have a hidden motive. On the home front, don't allow petty matters to cause upheaval.

GEMINI (May 21 to June 20) While you tend to be overly extravagant sometimes, you find good deals. On the job front, paying a little more attention to your duties can reap rewards.

CANCER (June 21 to July 22) It isn't a good week for seeking advice from a confidant, who is concentrating on his or her own problems. Self-reliance is the key to achieving solutions. By week's end, you're satisfied with what transpires.

LEO (July 23 to August 22) While a new source of money could be coming your way soon, don't spend your gift foolishly. In your heart, you know your limitations. Sound judgment eventually wins out.

VIRGO (August 23 to September 22) If you are in the mood for redecorating your home, begin planning. Take one step at a time, however, and avoid extravagance. A friend has a good idea over the weekend.

LIBRA (September 23 to October 22) Think before you speak. While you feel strongly about your personal and political beliefs, be open-minded and understanding of those who disagree. Differing viewpoints make life more interesting.

SCORPIO (October 23 to November 21) You're somewhat nervous about a work-related dilemma. All will turn out fine eventually. In the meantime, do not make any snap decisions.

SAGITTARIUS (November 22 to December 21) Be alert for a tendency you'll have this week to procrastinate. You can make some progress midweek if you speak up. People are likely to listen and to respect you.

CAPRICORN (December 22 to January 19) Don't put any stock into what you're hearing at work. Instead, keep your concentration on the duties that are expected of you. The weekend brings romantic surprises.

AQUARIUS (January 20 to February 18) You're feeling self-confident and ready to tackle the world. However, be careful. You could go overboard and appear overbearing to those around you.

PISCES (February 19 to March 20) If you happen to be traveling, don't be surprised by some unexpected delays. Partners could be on edge, but things settle down by week's end. Avoid extravagant shopping binges over the weekend.

Explain that you can make the glass go from your right hand to your left hand while keeping your arms fully extended and without moving your feet. The secret: Stand about three feet (or closer) in front of a shelf. Without moving your feet, turn 90 degrees to your left and place the glass on the shelf. Now, turn back to the right 180 degrees and pick it up with your left hand.
