# MAKING FAMILY LIFE MORE FUN

## *Savor The Season—Dine Outdoors*

(NAPS)—Eating out in the fresh air can improve food's flavor and make a meal more fun for the whole family.

Whether you're fixing to have a Memorial Day or summer backyard barbecue or packing up for a football season tailgate picnic, these tips can make the fresh air feast more enjoyable.

• Besides packing paper napkins, be sure to pack a wet washcloth in a plastic bag for sticky fingers.

• Take a garbage bag for any dirty dishes or silverware that has to be saved and a bag for garbage that has to be thrown away.

• When packing eating utensils, wrap a set (spoon, fork and knife) in a paper napkin for each picnic guest.

• Snack bags for small children can keep them happy on the way to the picnic or while waiting for the hamburgers to be ready.

Make it "a picnic" for everyone. Use delicious squeezable spreads that contain less fat and make less mess.

Before you leave the house, fill small plastic zipper bags with a mix of cereals, crackers, chips, and pretzels.

• For easy spreading on favorites such as hot dogs, burgers and corn-on-the-cob, pack squeezable condiments. Squeezable containers for mustard and ketchup are lightweight and won't break.

**HIGH SCHOOL PLAYER-COACH?** Cory Harmon, 19, tried his luck at coaching the Eatonville High School baseball team in Washington — then put himself in a game as starting pitcher. The move flopped on two fronts: he gave up 15 runs in four innings, and was eventually dismissed for the infraction.

**EKU SIGNS DETROIT FORWARD:** Kenan Ware, a 6-6 forward from Martin Luther King High School in Detroit, has signed a national letter-of-intent to play men's basketball at Eastern Kentucky. He is the sixth player to sign with the Colonels for the fall.

**BELLE NOT BASEBALL BETTOR:** An investigation by major league baseball into Albert Belle's betting habits, turned up no evidence that the White Sox slugger bet on baseball.

The 14-month investigation was sparked by Belle's admission to gambling losses, in a deposition for a civil lawsuit against him that was eventually settled.

## RESOLUTION

**Whereas,** it has pleased God in His Infinite Wisdom to call from her labors here below to her reward on high, one of our members, Marjorie Riggs Wilson, who was a beloved charter member of the Moorefield-Homemakers Club, and

**Whereas,** Marjorie Riggs Wilson for many years occupied a prominent rank in our community and under all circumstances was a friend whose fellowship was an honor and pleasure to enjoy, and

**Whereas,** the Moorefield Homemakers Club has lost a good member and the community, vertically or diagonally. For example, you can spell SUN by starting at the letter S, moving up diagonally to U, and finish by moving vertically to the N above. You can enter the same letter more than once. Also, the word can appear in more than one name. Adjust your telescope and start spelling!

**Therefore,** be it resolved that the Moorefield Homemakers Club extends heartfelt sympathy to her family and commends Marjorie Riggs Wilson to the loving care of our Heavenly Father.

## *Your Horoscope by Natasha*

**ARIES** (March 21 to April 19) Although some business can be done, it's best to do it with a clear head. Watch careless spending midweek. Share and exchange ideas with family members over the weekend.

**TAURUS** (April 20 to May 20) A friend keeps you waiting or is indecisive early in the week. Be sure to attend to a pressing domestic responsibility. Others count on your ability to be truthful, particularly in the work place.

**GEMINI** (May 21 to June 20) You're sharp mentally, but don't speak out of turn. You have a broad and tolerant outlook, but you could be somewhat hard on a family member. Avoid small disputes during the weekend.

**CANCER** (June 21 to July 22) Try to avert arguments about career goals. You still have some last-minute tricks up your sleeve. This weekend, you exhibit your originality.

**LEO** (July 23 to August 22) You'll be hearing from friends at a distance. Social life is a plus. If you curb a tendency to be critical this weekend, you'll find romance and leisure activities to your liking.

**VIRGO** (August 23 to September 22) Concentrate on business, but remember you needn't keep everyone up to date on your progress. You'd do well to forget a past slight. Enjoy the weekend to the fullest.

**LIBRA** (September 23 to October 22) Driving a hard bargain is not the answer, but you shouldn't be too accommodating either. Don't abandon a project at work, even if the answers you seek are hard to ascertain.

**SCORPIO** (October 23 to November 21) You have mixed feelings about an upcoming social engagement. You're optimistic and straightforward and not in the mood for others' mixed signals. Do go out for fun when the work week ends.

**SAGITTARIUS** (November 22 to December 21) You have your thinking cap on and will come up with ways to improve income and status. You receive good news about an investment. Try not to let the little things throw you off course.

**CAPRICORN** (December 22 to January 19) You'll sow the seeds for future career benefits. Behind-the-scenes connections are helpful. Don't sell yourself short over the weekend.

**AQUARIUS** (January 20 to February 18) A child might not be ready to talk about what's the matter, but there is no need for concern. Don't put others off by being overly suspicious, but do read between the lines when it comes to business matters.

**PISCES** (February 19 to March 20) Face the problems in a close relationship, or you'll find the distance between the two of you growing deeper. The question is whether others will meet you halfway.

## PUZZLE CARD

Your problem is to remove only two pieces from the 12 shown and have two squares left that form a square. Make sure you use up all six pegs. Hint: It is not a square around the center.

**SEE SAW!** Charlie "Crosscut" Calloway has a 1-by-12-inch board, 18 feet long, that he wants to cut into 18 equal pieces. If it takes him one minute to saw through the board, how long will it take him to cut all 18 pieces?

Here's what he came up with:

**HEAVENLY WORDS!** In the grid at right there are 25 letters that spell out all the planets in our solar system. Can you find them? Go from one adjoining box to another — horizontally, vertically or diagonally. For example, you can spell SUN by starting at the letter S, moving up diagonally to U, and finish by moving vertically to the N above. You can enter the same letter more than once. Also, the word can appear in more than one name. Adjust your telescope and start spelling!

**DOUBLE TROUBLE!**

When the local baseball team, the Lodi Leopards, played at Abbott Field a puzzler in the stands noticed an interesting thing. When the Lodi cheerleaders stood in front of the field sign, the name was changed to ALLOT. He puzzled over how many other words had double letters in them that could be changed to another word by substituting a different pair of letters. Here's what he came up with:

1. Accord — A__ord
2. Fiddle — Fi__le
3. Cheese — Ch__se
4. Offer — O__r
5. Haggle — Ha__le
6. Balloon — Ba__oon
7. Simmer — Si__er
8. Connect — Co__ect

Which double letters would be needed to turn each of the above words into different words?
