The Future Starts Here

Young people in this community deserve a chance at a better future as much as anyone. Jump Start is a program designed to help them get started.

Jump Start participants 14-21 years old will be able to work in a summer job somewhere in the county. They'll earn money, learn job skills, get experience, and learn what it's like to work in the real world.

Pick up an application at one of your local government offices or at the high school. Or, show this ad to someone who you think would benefit from a summer job experience.

There's no easier place to get a jump on the future than right here. And there's no better time than now.

Call collect for more information: (606) 269-8021

NOTICE TO CUSTOMERS OF KENTUCKY UTILITIES COMPANY OF APPLICATION FOR APPROVAL OF AN ALTERNATIVE METHOD OF REGULATION

PLEASE TAKE NOTICE that, on April 5, 1999, pursuant to the Kentucky Revised Statutes, Kentucky Utilities Company ("KU") filed with the Public Service Commission ("Commission") in Case No. 98-474, an Amendment to its Application for Approval of an Alternative Method of Regulation of its Rates and Service (the "Amended Application"). In addition to the numerous benefits provided by the proposed alternative method of regulation and identified in KU's original Application filed October 12, 1998, KU's Amended Application provides:

• Annual reductions in customers' bills for electric service for KU and Louisville Gas and Electric Company ("LG&E") throughout the next five years in the following annual amounts, and allocated between KU and LG&E, consistent with the method approved by the Commission in its Order of September 12, 1997 in *"In the Matter of: Joint Application of Louisville Gas and Electric Company and Kentucky Utilities Company for Approval of Merger,"* Case No. 97-300:
  - Twenty Million Dollars ($20,000,000.00) beginning July 1, 1999 through June 30, 2000;
  - Eight Million Dollars ($8,000,000.00) beginning July 1, 2000 through June 30, 2001;
  - Eight Million Dollars ($8,000,000.00) beginning July 1, 2001 through June 30, 2002;
  - Eight Million Dollars ($8,000,000.00) beginning July 1, 2002 through June 30, 2003;
  - Eight Million Dollars ($8,000,000.00) beginning July 1, 2003 through June 30, 2004.
• LG&E's gas base rates would not be increased for a period of five years or through June 30, 2004 absent the incurrence of extraordinary circumstances and excepting any changes as the result of the operation of any lawful surcharge or automatic adjustment clause;
• An additional one-year extension of the current KU Merger Surcredit Rider through June 30, 2004;
• An additional one-year extension of KU's current commitment to cap electric rates extending through June 30, 2004, absent the incurrence of extraordinary circumstances and excepting any changes as the result of the operation of any lawful surcharge or automatic adjustment clause;
• KU and LG&E also will set aside the following amounts each year, in accordance with the allocation of the merger savings determined by the Commission in its Order of September 12, 1997 in *"In the Matter of: Joint Application of Louisville Gas and Electric Company and Kentucky Utilities Company for Approval of Merger,"* Case No. 97-300, for qualified organizations for the purpose of assisting low-income customers of KU and LG&E with payment of their residential energy bills:
  - Two Million Dollars ($2,000,000.00) beginning July 1, 1999 through June 30, 2000;
  - One Million Dollars ($1,000,000.00) beginning July 1, 2000 through June 30, 2001;
  - One Million Dollars ($1,000,000.00) beginning July 1, 2001 through June 30, 2002;
  - One Million Dollars ($1,000,000.00) beginning July 1, 2002 through June 30, 2003;
  - One Million Dollars ($1,000,000.00) beginning July 1, 2003 through June 30, 2004.

KU's Amended Application proposes to make these provisions effective July 1, 1999.

The Amended Application requests that the Commission approve an alternative method of regulating KU's rates and service, as well as an Electric Performance-Based Rate ("EPBR") Tariff. The Amended Application, if approved, will change the method of regulating KU from the traditional rate-of-return method of regulation to a method based on KU's operating performance.

The EPBR Tariff, as issued on April 5, 1999, applies to all electric rate schedules and special contracts for electric service, effective July 1, 1999. The monthly amount computed under each of the rate schedules to which the EPBR Tariff is applicable shall be increased or decreased by the Electric Performance-Based Rate Adjustment Factor at a rate per kilowatt-hour of monthly consumption during the billing calendar quarter computed as follows:

EPBRAF(q)=EPBRA(q)/KWH(q)
EPBRA(q)=FCR+MDS+GP+SO+BR+BA

Where:
EPBRAF=Electric Performance-Based Rate Adjustment Factor
EPBRA=Electric Performance-Based Rate Amount for the current quarter
FCR=Fuel Cost Recovery
MDS=Merger Dispatch Savings expressed as a credit
GP=Generation Performance expressed as a credit
SO=Service Quality
BR=Bill Reduction expressed as a credit
BA=Balancing Adjustment
KWH=Kentucky jurisdictional Kilowatt-hour Sales in the current quarter
q=Current quarter shall be the second calendar quarter preceding the billing calendar quarter in which the EPBRAF is billed

The amended Merger Surcredit Rider, issued April 5, 1999, applies to all electric rate schedules and special contracts effective July 1, 1999.

KU also is requesting that the Commission approve the withdrawal of its Electric Rate Schedule Fuel Adjustment clause after all fuel costs are collected pursuant to the Uniform Fuel Adjustment Clause Regulation (807 KAR 5:056) and final orders are issued in the pending fuel adjustment clause cases of KU consistent with the approval of the EPBR Tariff; and KU is further requesting that the Commission approve conditions permitting greater tariff flexibility in the future.

The Commission's review of KU's Amended Application may result in a method of regulating KU or consumer rates and services other than the method of regulation and rates described in this Notice.

Any corporation, association, body politic, or person may, by motion within thirty (30) days after publication or mailing of this Notice, request leave to intervene in the case before the Commission (Case No. 98-474). Any such motion shall be submitted to: The Public Service Commission, 730 Schenkel Lane, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request for intervention, including the status and interest of the party requesting intervention.

Intervenors may obtain copies of the Amended Application and corresponding Testimony by contacting: Ronald L. Willhite, Vice President of Regulatory Affairs, Kentucky Utilities Company, P.O. Box 32030, Louisville, Kentucky 40232-2030. Copies of the Amended Application and Testimony will be available for public inspection at KU's offices where bills are paid after April 5, 1999.
