Your Horoscope by Natasha

ARIES (March 21 to April 19) Travel is favored, both short trips and those of a longer nature. Good news comes your way regarding a situation at a distance. A moody co-worker puts you off.

TAURUS (April 20 to May 20) You shine as your work is recognized and your accomplishments are rewarded. However, a jealous person is looking to trip you up, so stay out of harm's way.

GEMINI (May 21 to June 20) You continue on a phase of successfully melding business and pleasure. Take full advantage while it lasts. Someone at home doesn't understand what you're trying to say.

CANCER (June 21 to July 22) Privacy is your ally when it comes to romance. Creativity is accented and success follows as a result. Discourses this weekend revolve around money and joint finances.

LEO (July 23 to August 22) In some ways, you're very much in the spotlight. This makes you a bit uncomfortable, but try to enjoy it. It seems you can do no wrong in the eyes of others.

VIRGO (August 23 to September 22) You need to make some important financial decisions. Be alert for new opportunities to make more money. Your income is increasingly important.

LIBRA (September 23 to October 22) Travel and communications are highlighted. Added to that is your personal charm, which is contagious. As a result, you get much done that requires far-reaching decisions.

SCORPIO (October 23 November 21) You can accomplish much on the home front, provided you avoid being overly domineering. A co-worker comes to you with an unbelievable tale. Don't buy it.

SAGITTARIUS (November 22 to December 21) Those who are waiting for a delivery are in for a long wait. The ultimate accent, though, is on leisure events and romantic encounters. The weekend brings a special surprise.

CAPRICORN (December 22 January 19) A co-worker has someone in mind for you romantically. However, although this person means well, it's not a good idea to go through with this. Try not to rush through work assignments.

AQUARIUS (January 20 to February 18) You're upset with what's going on at home, and this spills over into your work week. However, you need to put the situation in its proper perspective. Changes in plans are to be expected.

PISCES (February 19 to March 20) Sit down with your mate and talk about finances. Agreements reached are satisfactory to both. Leisure interests beckon, but avoid overspending this weekend.

YOU BORN THIS WEEK: appear to be in several places at once as you dash from task to task. You are a veritable dynamo of energy, and it's generally impossible for most people to keep up with you. If not careful, this constant state of activity could jeopardize your health.
