Your Horoscope by Natasha

ARIES (March 21 to April 19) You seem to be quite involved in other people's lives now. There may not be as much time for family this week as you would prefer. Make a schedule...

LEO (July 23 to Aug. 22) It may be a quiet week that starts in connection with money. You may be feeling left out in the cold this week. Too much concern about things could frazzle your nerves...

SAGITTARIUS (November 22 to December 21) A partner's self-protection with money may be leaving you out in the cold this week. Too much concern about things could frazzle your nerves...

SCORPIO (October 23 to November 21) There seems to be a lot of loose ends to tackle now and you may not have as much time for socializing as you'd like to have. A friend seems somewhat superficial over the weekend.

LIBRA (September 23 to October 22) Some work developments from last week are still on your mind, but it's best now to devote your time and energy to non-material concerns. Don't be critical of others.

TAURUS (April 20 to May 20) You're not exactly in the mood to be left alone, but then again you may not be so keen about this week's social possibilities. One friend is a pain in the neck.

GEMINI (May 21 to June 20) Put aside any plans of getting a lot of work accomplished this week. There will be just too many demands on your time elsewhere. Keep stress to a minimum and relax.

CANCER (June 21 to July 21) There's no point in making a criticism and then withdrawing into yourself. Keep the lines of communication open and give others the benefit of the doubt.

SCORPIO (October 23 to November 21) There seems to be a lot of loose ends to tackle now and you may not have as much time for socializing as you'd like to have. A friend seems somewhat superficial over the weekend.
