

BUTCH AND DOUGIE by ALEX HOWELL

Your Horoscope by Natasha

ARIES (March 21 to April 19) Debate becomes pointless, since you can clearly see both sides of the issue. This is definitely a time when it's best to reserve your judgment on certain points. TAURUS (April 20 to May 20) Ancient issues need to be properly addressed before you can expect to move forward. While you may not relish the task, you'll be glad that you took it on. GEMINI (May 21 to June 20) Finding a new passion to nurture will help take your mind off the things you cannot change. A friend lifts your mood with a delightful surprise. CANCER (June 21 to July 22) Leo's Muse offers Moon Children the opportunity to find pleasure in this work, and it will pay off. LEO (July 23 to August 22) Immerse yourself in sensory experiences, and do not look too far below the surface. You'll feel more ready for serious matters after a little mindless relief. VIRGO (August 23 to September 22) Playing the game of one-upmanship is invariably guaranteed to backfire. Try to be a little less critical in your judgments of others. LIBRA (September 23 to October 22) When faced with a dilemma, the best thing you can do is be flexible about the outcome. Some surprising solutions are right around the corner. SCORPIO (October 23 to November 21) Others would happily agree with you say - if you ever stopped talking. Don't get caught up in your own grand plans that you ignore what's directly in front of you. SAGITTARIUS (November 22 to December 21) Find at least a small way to reward yourself for a job extremely well done. It's a particularly great time to combine the joys of preparing food and entertaining friends. CAPRICORN (December 22 to January 19) The substance of an attractive person matches up to his or her aquarius. Show your appreciation for their generosity accordingly. AQUARIUS (January 20 to February 18) Clean up a big mess, even if you weren't the one who made it. Everyone will work better in a calm and organized environment. PISCES (February 19 to March 20) Debar becomes positive, since you can clearly see both sides of the issue. This is definitely a time when it's best to agree to disagree on certain points. YOU BORN THIS WEEK: While your overall career serves you well in terms of your career, when it comes to personal relationships, you can clearly see both sides of the issue. Nevertheless, people generally forgive you for these lapses, as you are also charming, witty and insightful. © 1999 King Features Synd., Inc.
