Salome's Stars

ARIES (March 21 to April 19) Your self-confidence helps you face a challenge unlike any you've ever encountered. Your natural honesty could create some problems, so be as tactful as you can be.

TAURUS (April 20 to May 20) Resist the urge to stampede you into a decision. Remember, you're in control. Later, share an evening of good music and good food with that special person.

SCORPIO (October 23 to November 21) Words alone can be misleading. Instead of relying on what others say, you need to check things out for yourself.

LIBRA (September 23 to October 22) A surprising turn of events opens new opportunities for those who can see past the initial disappointments. Children (not necessarily soon) are the key to your future.

SOAP UPDATES: ALL MY CHILDREN: Shocked Lucas that Sam should have been the one to help Lucia reconcile with her daughters. Wait to see: Linda and Sheridan face their lives.

GENERAL HOSPITAL: Luke and Laura came face to face with the money. Luke suggested Adam take Stan's place and later tearfully told the Board of the impersonation that Adam was losing his mind.

THE BOLD AND THE BEAUTIFUL: Believing Amber was Becky, the doctor handed her prescriptions for her digestion and reminded her to make arrangements for her baby. Later, Amber secretly still Becky's medication into her breast.
