 bring the **WORLD**  
 to your classroom

**Go Places With Newspapers!**  
**NEWSPAPER IN EDUCATION WEEK**  
 March 6 - 10, 2000

When it comes to timely, accurate delivery of world news and information, nothing goes the distance better than newspapers... and a good education can go even further when newspapers are part of the daily mix.

During Newspaper in Education Week, we'd like to salute both newspapers and educators for the roles they play in helping young people on their way to a successful future.
