Book Fair supports the adventures in reading

by: karina Jordan
MERCURY EDITOR

Children and youth in Nicholas County are having an adventure thorough books this week at the Nicholas County Elementary School as it is that time of the year for the annual BOOK FAIR!

The Book Fair that opened on Monday and will be closing on Friday at 2:30 p.m. opens every morning at 8:00 p.m. and is offering a Buy one, get one free special.

The Book Fair is open to the public and the admission is free. Classrooms have been visiting the Book Fair and is making "wish lists" for books they would like to see in the classrooms. Any one wishing to donate may stop by the Nicholas County Elementary School media room during the Book Fair hours and help support reading in Nicholas County.

A special Family Night has been planned for the January 27, PTA meeting that will begin at 6:30 p.m. and continue until 8:30 p.m.

Students in Mrs. Turner's 2nd grade class review their "wish lists" as they wait for their turn to roam the Book Fair to double check their list.

MCC auditions for Godspell to be held

Maysville Community College will present the musical Godspell April 14, 15, 16, 21, 22, and 23. The play will be under the direction of Gary DeVaughn. Laura Gifford will serve as producer and Steven Zweigart will be the musical director. Open auditions are scheduled for January 20th and 21st at 7:30 p.m. in Maysville Community College's Fields Auditorium. Callbacks will be January 25th at 7:30 p.m. The cast includes 10 adult characters; five females (alto to mezzo-soprano range) and five males (tenor to baritone range). The auditions are open to everyone in the community.

Godspell is based on the Gospel according to Matthew, and this modern and contemporary retelling is a joyous celebration of music, mime, comedy and slapstick. The score of Godspell calls on all modern musical influences, including Rock, Gospel, Ragtime and includes the hits "Prepare ye the way of the Lord," and "Day by Day".

For more information about auditions or to assist with technical support, costumes, set construction or make-up, call Gary DeVaughn at Maysville Community College at 606-759-7141 extension 110.

Seven from Carlisle on MCC Dean's List

Tara Kilgore, Maysville Community College's interim Dean of Academic Affairs, has released the Maysville Community College Dean's List for the fall 1999 semester.

To be included on the list, students must attend the College full-time (12 credit hours or more) and maintain a 3.5 grade point average or above on a 4.0 scale. A total of 81 students were honored for the fall 1999 semester.

Those in Nicholas County include Rebecca A Brewer, Ashley N. Hill, Louis S. McCord, Jennifer J. Ramey, Kathy J. Schanding, Lori K. Walden and Kara J. Walton.

Valentine's Day

Pooh Ponders Love

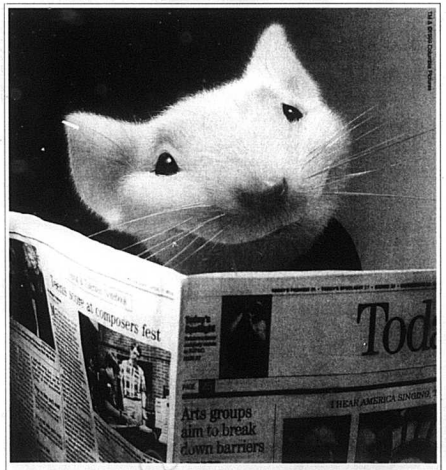
(NAPS)—What love-lier way to share Valentine's Day than with the family than to indulge in two love-laced video tales for children.

The all-new hi-video, Emmy-winning *Winnie The Pooh, A Valentine For You!*, from Walt Disney Home Video, includes three new songs and features the voices Pooh fans have grown to love, including Paul Winchell as Tigger, Jim Cummings as Pooh, John Fiedler as Piglet and Peter Cullen as Eeyore.

In *Winnie The Pooh, A Valentine For You!*, Pooh and his friends are afraid that Christopher Robin has been bitten by a Smitten when he overhears him say "I love Gessp!—a girl. They search the Hundred Acre Wood for the love bug hoping it will bite him again and cure his lovesickness. They discover that Christopher Robin isn't actually sick, and that his heart will always have room for his friends.

Also available is *Belle's Magical World*, featuring all the magic, music and unforgettable characters from the animated classic *Beauty and the Beast*. It contains three charming storybook fantasies that star Belle and her enchanting friends.

These two delightful videos for Valentine's Day offer heart-felt fun for the whole family and are each priced at less than $15.



"Encourage your children to read a newspaper every day. They're never too little to start."

When I was growing up I realized that if I wanted to fit into this world, I would have to know what was going on. I found the best way to do that was to read newspapers. Encourage your children to read—books, magazines and, especially, newspapers. They're never too little to start.

THE PYRAMID OF WORD POWER!

Starting with the given word FACTORIES at the bottom of our word pyramid, try dropping one letter at a time as you work your way up, so that the remaining letters at each level spell out a new word. The following helpful hints are in ascending order, beginning with FACTORIES.

1. Where goods are made (given).
2. What weathermen do.
3. Found under a drinking glass.
4. Wooden containers.
5. A wide-eyed gaze.
6. Clear, salty liquid.
7. A long period of time.
8. Egyptian sun god.
9. Abbr. for chess piece.

Farm Credit Services starts construction of new building

Farm Credit Services of Mid America will be building a new 2400 square foot structure on the AA highway. The construction officially began last week and the building is expected to be ready for occupancy by June 1.

When the facility is completed it will house both the present Maysville and Flemingsburg offices. The combined office presently has outstanding loan volume of $54.7 million and serves over 800 customers in Bracken, Campbell, Fleming, Lewis, Mason, Nicholas, Robertson and Rowan Counties.

Financial Services Officers Annette Crawford and Vince Rawe, and Customer Service Representatives, Janice Jordan, Anna Weiss, Cheryl Souder and Angela Freeman, and Regional Appraiser, Mel Manley will be offering a variety of financial services to all farmers and rural residents from this new location.

Farm Credit Services has been a presence in the local rural community since 1922 and their faith in the strength of that community is evidenced by this new investment.

On January 13, the ground breaking ceremonies were held for the new building which will be located on the AA Highway. Employees of the Farm Credit Services were on hand for the special occasion.

Annual crop productions down from 1998

Corn for grain production was estimated at 9.44 billion bushels, down 5 percent from the 1998 crop and down 1 percent from the November 1 forecast. The 1999 production ranks the fourth highest production on record behind the 1994, 1998, and 1997 respective crop years. Yield of 133.8 bushels per acre, was down 0.6 bushel from last year.

Soybean production in 1999 totaled 2.64 billion bushels, down 1 percent below 1998 and the third highest on record. Average yield per acre was estimated at 36.5 bushels, 2.4 bushels below the 1998 yield.

The Eight State Burley Belt produced 544.2 million pounds of burley tobacco, down 7 percent from the 1998 production of 582.3 million pounds. Kentucky farmers produced 69 percent of the Belt's production. Belt yield averaged 1,812 pounds per acre, down 84 pounds from 1998.

Favorable weather and soil conditions helped to get the 1999 crop year off to a good start. Planting of corn and first crop soybeans went well and tobacco setting was nearly ideal. Early crop progress was also good. Dry conditions started in late July and lasted through September. Yields of all crops were hurt by the dry, hot summer weather. Crops in Western Kentucky fared better as they received some limited rain during the growing season while Eastern Kentucky remained dry.

Production of corn was estimated at 123.3 million bushels, a decrease of 9 percent from 1998.Limited yields of 105 bushels per acre resulted from the hot, dry weather. This was down from 115 bushels in 1998. Early planted corn yielded the best. Harvested for grain acreage at 1.18 million acres was unchanged from 1998. An increased acreage was taken for silage due to low grain yields.

Soybean production was estimated at 24.2 million bushels for 1999, a decrease of 33 percent from 1998. Yields were estimated at 21.0 bushels per acre, down 9 bushels from 1998. This was the lowest yield in 16 years. Bean quality was also poor. Planting of spring first crop beans progressed well, but dry conditions started in late July for the newly planted double crop soybeans. Double crop soybeans follow the wheat and barley harvest. These beans had tough going from the start in 1999 due to dry soils. Some second crop soybeans yielded only 5 bushels or less per acre. Harvested acreage at 1.15 million acres was down 4 percent from 1998. Acreage not harvested for beans was bushhoged, plowed down or harvested for hay.

Burley tobacco production was estimated at 378.0 million pounds down 9 percent from 1998. THe smaller crop was a result from both a decrease in harvested acreage and lower yield. Harvested acreage and lower yield. Harvested acreage at 210,000 acres was down 5,000 acres from 1998. The smaller acreage resulted from a reduction in effective quota. Yield per acre at 1,800 pounds was down 135 pounds from 1998. This was the lowest yield in 16 years. Growing conditions at setting were nearly ideal but as the growing season progressed and turned dry in July and remained so through September. As farmers cut and housed their tobacco in August and September much of it dried out instead of curing slowly as preferred. Much of the tobacco was light in color and poor in quality. Burley auction sales through the Christmas break were disappointing as much of the crop was going to the tobacco pools instead of being purchased by the tobacco companies. Production of dark fired tobacco decreased while dark air-cured tobacco increased.

Alfalfa hay production was estimated at 725,000 tons, down 17 percent from 1998 and the lowest production in 16 years. Yield averaged 2.90 tons per acre, down .6 ton from 1998 and the smallest in 11 years. Harvested acreage was unchanged from, the previous 2 years at 250,000 acres. Other hay production at 4.09 million tons was down 15 percent from 1998. Yield was forecast at 1.90 tons per acre and the smallest in 11 years. Harvested acreage at 2.15 million acres was 50,000 acres above 1998. In a dry year like 1999 farmers tend to increase the harvested acreage of other hay. Farmers cut additional acres to help fill their needs for hat and lack of pasture.
