conduct door-to-door surveys," said Cracraft. The government sector also recorded increased in state government (900), local government (600), and state education (200) jobs. Kentucky's trade sector had a 4,600 gain in jobs in May. About 4,300 of those positions were in retail trade establishments such as eating and drinking establishments (700), food stores (900), building materials and garden supply stores (600), and miscellaneous retail stores (600). Since last May, the trade sector has had a significant increase of 9,800 jobs, Cracraft said. Seasonal hiring made a positive impact on the service sector, which had 2,900 new jobs in May. "Amusements and recreation services signaled the onset of the summer vacation period by adding 1,600 jobs in May. Agricultural services added 600 new jobs for May," said Cracraft. "The health services industry added 800 new positions in May as newly graduated medical professionals secured employment. The increases in the services sector were somewhat offset by job losses in personal services establishments (1,400) and educational services (600)."

industrial machinery, other durable goods, tobacco products, textiles and apparel, paper, printing and publishing, and petroleum. Kentucky's trade sector was nearly balanced by increases in transportation equipment, furniture and electronic equipment jobs. Mining and quarrying category had 100 fewer positions in May. The U.S. Bureau of Labor Statistics monthly estimate of the number of employed Kentuckians for May 2000 was 1,923,176. This figure is up 22,416 from the 1,900,760 recorded in April 2000, and up 32,920 from the 1,867,256 Kentuckians employed in May 1999. The monthly estimate of the number of unemployed Kentuckians for May was 78,197. This figure is up 5,240 from the 72,857 unemployed in April 2000 but down 12,194 from the 90,391 Kentuckians unemployed in May 1999. The monthly estimate of the number of Kentuckians in the civilian labor force for May was 2,001,373. This figure is up 27,738 from the 1,973,635 recorded in April 2000, and up 20,726 from the 1,950,447 recorded for May 1999. The civilian labor force includes non-military workers and unemployed Kentuckians who are actively seeking work. It does not include unemployed Kentuckians who have not looked for employment within the past four weeks.

Employment and unemployment statistics are based on estimates. They are compiled to indicate trends and trends rather than actually to count numbers of people who are or are not working. *We Miss You!!!*

IN MEMORY OF TONY SLOVE
OCTOBER 22, 1924 - NOVEMBER 26, 1999
A HEART OF GOLD
A heart of gold stopped beating, two shining eyes are at rest, God took care of my dear one... He only takes the best. A million times we've needed him. A million times we've cried. If love could have saved him, he never would have died. If love could have kept him, he never would have left. But, he didn't go alone. For a part of us went with him. The day God called him home... We Miss You!!!

Dr. Womack renews membership in AIUM

Dr. Glenn R. Womack of Flemingsburg recently renewed his membership in the American Institute of Ultrasound in Medicine, of which he has been a member since 1988. The AIUM was officially established as a multidisciplinary organization in 1952 when the use of ultrasound for medical diagnosis was in its infancy. Medical pioneers recognized the potential of this fast-growing imaging modality and agreed on the need to

ACCORDING TO JIM LOVELL IT'S SOME OF THE BEST GOLF ON THE PLANET.

Thirty years ago, I commanded what was to have been a million that landing on the moon. He didn't get to complete that mission—but the story of what happened on Apollo 13 captured the imagination of people all over the world. Another phenomenon that's caught people's interest is the Robert Trent Jones Golf Trail. 378 holes of world-class golf on eight sites throughout Alabama. It's some of the best golf you can play in this galaxy. When I'm playing golf on courses this great...Houston, I don't have a problem.
