The sand will get in your shoes The nest will get in your soul. "I remember straining my eyes. For miles and miles. Mom and Dad said it was coming, but as hard as I looked, all I could see was a seemingly endless blur of passing trees and houses. Nothing. Then, in a quick moment, I thought I saw a flash of blue. Suddenly, the whole world seemed to open up and there it was—the most incredible sugar-white sand and emerald-colored water I'd ever seen. I've been back to Gulf Shores a million times in my life, since—each trip in its own way reminds me of that special first visit." Alabama's Gulf Coast—One of the many things that makes Alabama Unforgettable.
