Nicholas Co. Water District
1999 Quality Water Report

We are very pleased to provide you with this year's Annual Quality Water Report. The report is kept very confidential and the quality of our water and services we have delivered to you over the past year. Our goal is not only to provide you with the highest quality water, but also to provide you with the highest quality service.
The report is divided into two sections: the first section provides information on the quality of our water and services, and the second section provides information on the quality of our customer service.

Table with 4 columns: Parameter, Allowable Levels, Highest Measurement, Lowest Reading, % Variance. Rows include Turbidity, Total Coliform Bacteria, Fecal Coliform Bacteria, etc.

Microbiological Contaminants
Heavy Metals
Pesticides
Organic Chemicals
Inorganic Chemicals
Radionuclides

Table with 4 columns: Contaminant, MCL, Highest Measurement, Lowest Reading, % Variance. Rows include Lead, Copper, Cadmium, etc.

Unregulated Contaminants
Disinfection Byproducts
Pharmaceuticals
Personal Care Products
Pesticides
Organic Chemicals
Inorganic Chemicals
Radionuclides

Table with 4 columns: Contaminant, MCL, Highest Measurement, Lowest Reading, % Variance. Rows include Atrazine, Dieldrin, DDT, etc.

Maximum Contaminant Levels (MCL)
MCLs are set at a very stringent level. To understand the possible health effects due to many regulated contaminants, a person would have to consume a significant amount of contaminated water over a long period of time.

Table with 4 columns: Contaminant, MCL, Highest Measurement, Lowest Reading, % Variance. Rows include Lead, Copper, Cadmium, etc.

Special Precautions
Some people may be more vulnerable to contaminants in drinking water than the general population. Infants and young children are particularly vulnerable because they consume more water relative to their body weight.

Table with 4 columns: Contaminant, MCL, Highest Measurement, Lowest Reading, % Variance. Rows include Lead, Copper, Cadmium, etc.

Additional Information
Thank you for allowing us to continue providing your family with clean, quality water. In order to maintain a safe and dependable water supply, we will continue to invest in the infrastructure that will benefit all of our customers. Water adjustments may be necessary in order to address these improvements.

We at Nicholas County Water District would like to express our appreciation to the many individuals and organizations that have supported us in our efforts to provide you with the highest quality water and services. We are committed to providing you with the highest quality water and services for many years to come.

This report will not be mailed to customers but made available to them upon request. Copies are on file at the office.
