

BUTCH AND DOUGIE by ALEX HOWELL

BRINGING UP FATHER

ARIES (March 21 to April 19) New opportunities spring up for the Aries. Kick up those heels and go, go, go for them. Remember: Someone special will be reading for your success.

TAURUS (April 20 to May 20) Indulge your love of beauty. Buy something marvellous for your home. Then plan a romantic dinner at a special place with that special person.

GEMINI (May 21 to June 20) Your diligent search for the truth pays off. You can now go ahead and make that decision fully armed with the facts.

CANCER (June 21 to July 22) Travel is favored. But be prepared to be flexible in planning your trip. A family situation may cause you to delay your original departure date.

LEO (July 23 to August 22) Be careful to whom you confide your secrets. While you certainly have your admirers, you also have detractors who would love to puncture the Lion's pride.

VIRGO (August 23 to September 22) That family problem still needs your attention. It would be unwise at this time to let things slide. Things start to look more promising on the job.

LIBRA (September 23 to October 22) Your mood seems to feel increasingly ignored. Try for a better balance between your home and work commitments. Start with a romantic weekend getaway.

SCORPIO (October 23 to November 21) Missed opportunities usually come from miscommunication. It's not too late to correct the wrong assumptions. A timely call can help re-establish important contacts.

SAGITTARIUS (November 22 to December 21) Your usually keen sense of direction needs some sharpening at this work. Stay focused on your goals despite those pesky distractions. Your efforts will soon pay off.

CAPRICORN (December 22 to January 19) Don't automatically reject suggestions from friends and family members. Some of their ideas might be helpful. Check them out before you decide to chuck them out.

AQUARIUS (January 20 to February 18) Expect to be pleasantly startled when a promise from the past finally comes through for you. Use this as an opportunity to restart that long-delayed project.
