## *In Memory*

It's so hard not going to your house everyday or talking to you on the phone just to say I love you.

We feel so lost and alone. But we know we've got to go on. But we do know you are free from pain, tears, and troubles. And that makes us go on and feel better to know our dear mom is not suffering day after day.

We would give anything to hold you and tell you we love you with all of our heart.

No one will ever take away the bond we have for each other.

We will always be your precious girls, and you will always be our precious, beautiful mom.

Mom, you are our guiding star, and our loving guardian angel. You were such a wonderful mother, grandmother and great grandmother.

And it's hard to go on without you. You kept us all together and now we're falling apart.

"Oh how we need you, Happy 70th Birthday Mom.

**We love you, Beverly, Millie and Mary Lou**

**November 7, 1930- June 27, 2000**

In memory of my granny, Betty Kelley on her birthday, November 7, 1930.

I might be only four years old, but I miss my granny.

I miss sitting on her lap and giving her lovins'.

I miss her candy, gum, apples and bananas she saved for me.

But most of all i miss all of the love she had for me.

I just miss my granny.

**I love you and Happy Birthday, Kaiden Foster McLean**
