SMOOTH FROM FRONT

Engaging children early in learn to co-exist with others, Clark said. Libraries, schools, community programs, family community programs, family gatherings and play groups are all great ways to help children ease into any new social surroundings. Making friendships in large part lies in manners, especially in polite sharing, Clark said.

House approves \$9 million in law enforcement technology

enforcement Technology and Training Center in Hazard, which serves as a training center for rural law officers from jurisdictions across the from jurisdictions across the nation. The bill approved recently also includes \$7.5 recently also includes \$7.5 million to continue funding for the regional law enforcement technology grant program administered by the Center for Rural Development in Somerset.

Rogers, who created the program last year, said the money would go to police and sheriffs' departments for advanced criminal

"We have created a model program to enable our local law enforcement agencies to work together, using the latest communications and information sharing technologies," Rogers said.

"This funding will give our small sheriffs' offices and small sheriffs' offices and police departments even more resources to obtain some of the most modern tools they need to effectively wage the war against crime. The goal of this program is to provide rural law officers the most advanced technology available."

The U.S. House of Representatives has approved a request by U.S. Representative Harold Half Representative H
