

Martin selected captain of trapshooting team

Nora Martin of Carlisle, Kentucky has been selected captain of the 2001 women's All-American trapshooting team. Linda Holcomb, president of the Amateur Trapshooting Association (ATA), which directs the team, said, "This is the 24th straight time Martin has been named an All-American, and the 16th time she has served as captain/co-captain."

At the Grand American, the annual 10-day national tournament which in August drew nearly 6,100 contestants to the ATA's complex near Dallas, Texas, Martin was the women's champion in the Clay Target (singles) Championship with a perfect score of 200.

She won top ladies' honors in the Champion of Champions competition, which includes all the open to all ATA members. Only the current singles champions from each state and Canadian province may enter.

In addition, her 9581s,000 was high among winners in the High-Over-All, which includes the sum of all scores shot during a tournament, and she earned the trophy in trapshooting in the Presidents' High-Over-All, based on the four days of precision shooting at the ATA's complex in Vicksburg, Mississippi, and those directly south (comprise the Southern Zone.)

Martin was the handicap and overall champion over all competitors at the Kentucky State Shoot, and she led everyone in the High-Over-All. She also won the women's singles title and took home three other ladies' titles.

She also competed at the Iowa State Shoot, winning four awards there.

To be considered for the All-American team, Martin had to meet a minimum target requirement, and she had to shoot in at least three tournaments. Selection was made based on points the shooter accumulated while winning trophies at tournaments throughout the country.

Established in 1923, the ATA promotes and governs

Handicap and Doubles Championships, the All-Around and the High-Over-All, plus she won the Southern Zone trapshooting title. Holcomb, president of the Amateur Trapshooting Association (ATA), which directs the team, said, "This is the 24th straight time Martin has been named an All-American, and the 16th time she has served as captain/co-captain."

During the Southern Zone Grand (in March near Tampa, Florida), singles championships, she scored 200x200 plus another 50 shoot-best all the time.

Trapshooters fire at clay targets horizontally at 40 feet,

varying angles. In single events, all entrants stand at the 16-yard line and fire at one target at a time in a standing position. In doubles, trapshooters are assigned a yardage from 19 to 27 yards (according to averages and known ability) and shoot at two targets at a time; in doubles, two targets are released at the same time and the contestant, standing at the 16-yard line, is allowed one shot for each.

PARKING LOT from 1

not close all the way, more or less lock, faulst's that don't work properly and if you have a clothes dryer in the laundry room don't work.

When you do ask for repair it sometimes takes up to a month. I have a light in my kitchen that has not worked for at least five months after asking so many times to get it fixed I no longer even worry

with it. So my fault two cents... Paul C. of Mt. Sterling, KY

I can stand to be corrected but in my opinion whether you live there and pay nothing or you pay the full price you sign a lease and the complex owners should keep the grounds maintained. It is only fair that both sides of the contract be kept.
