Do You Have High Blood Pressure?

High blood pressure is a leading contributor to heart disease and stroke. Central Kentucky Research Associates and a local physician are conducting a research study of an investigational medication that may help alleviate hypertension, and hopefully lessen its serious risks.

We need patients to participate in a 16-week clinical research study to evaluate the safety and efficacy of an investigational medication for high blood pressure.

You may be eligible to participate if you are male or female, age 18 and over with moderate or severe hypertension.

> If you are eligible to participate. you will receive at no cost:

Study Medication

 Physical Exam and Other Study-related Exams • Lab Tests

· Compensation for time and travel

To participate in or learn more about this study. please call Clinical Research Coordinator Yvonne Taul, RN at (859) 497-0160 or 1-800-898-1966.
