greatisets to retain their homes on that if they get better in the maring home (which happens to lots of folks) they have a place to go when they are discharged. Kentucky is not of the value of a person's home; just in the amount over that figure. So if your uncles home is worth \$60,500, when he dies, Rentucky could be discharged. So if you uncles home is worth \$60,500, when he dies, Rentucky could be discharged. So if you uncles home is worth \$60,500, when he dies, Rentucky could be discharged to the folks at your local he dies. Rentucky could be discharged to the folks at your local he dies. Rentucky could be discharged to the folks at your local he dies. Rentucky could be a support to the folks at your local he discharged to the folks at your local work and the folks at your local have the folks at your local work at your local work and the folks at your local heart and the folks at your local work at your local
