"Eggciting" egg facts to help with decorating

By Jill Hatton
ENR Program Assistant
Nicholas County Extension Office
Easter is upon us. Many people will be decorating eggs this weekend in anticipation of Easter.

Egg sales are the highest during the spring. On average more than 72 million dozen eggs are sold in U.S. supermarkets each week during the spring. During the week of Easter alone egg sales reach more than \$4.4 billion.

The week after Easter sales drop to \$4.5 million. The weeks following this egg sales balance back out to normal regular sales.

Eggs are a symbol of rebirth. Many different countries have developed a variety of customs.

In China parents may give family members and friends a red-dyed egg to announce the birth of a child.

During the Renaissance in Italy, romantic young men tossed empty eggshells, filled with perfume or cologne, at young women.

The Nicholas County Conservation District is sponsoring a tree giveaway. Trees that are available will be: Grey Dogwood, Chinese Chestnut, Northern Red Oak, White Oak, Eastern Redbud, and White Ash.

4.) Dye the eggs in water warmer than the eggs so they do not absorb the dye water.
5.) If you hide the decorated eggs, put them where they will not come into contact with pets, other animals, birds, or lawn chemicals.
6.) After you have found all the hidden eggs, throw out any that have cracked or have been out at room temperature for more than two hours.
7.) Remember to eat uncracked refrigerated hard-cooked eggs within a week of cooking them. Many people boil their eggs.

1.) Wash your hands between all the steps of cooking, cooling, dyeing, and decorating.
2.) Be sure that all the decorating materials you use are food safe.
3.) Keep the eggs refrigerated as much as possible and placing them back into the refrigerator as much as possible.

It is recommended to hard buy eggs ahead of time for easy peeling.
The fresher the egg the harder it is to peel after you cook it.
For eggs easier to peel buy ahead of time and refrigerate for a week to ten days before you cook them.

Throwing for a win

Sophomore Jordan Myner struck out 10 and walked none in a complete-game victory Monday in Nicholas County's season-opening victory over Berea. The Jackets have enjoyed success in their first two games of the season.

Back safely

Junior catcher Johnny Mattox slides safely into third base against Berea. The Jackets claimed a win over Berea and Bath County as well to open the season 2-0.
