LUKE Chapter 2

And it came to pass in those days that a decree went out from Caesar Augustus that all the world should be registered...

When you are the writer, such as I am, many times isn't possible to realize what you are actually being written about...

I was the worst at it as I would literally make Marijón motion sick with the quick, jerking movements of the camera. On the replays she would often have to shut her eyes or walk out of the room...

For some, Christmas is a tough time. No money for presents, no money for food and with cold weather just staying warm is a daily challenge...

And on earth peace, goodwill toward men! So it was, when the angels had gone away from them into heaven...

Merry Christmas and many blessings. I have found from years of writing a weekly column that it actually conveys a personal, intimate part of life...

Some of the tapes we have are as old as 18 or 20 years. In the 1950s everyone bought a camera for every event...

I am not sure what year it was, Amy and Michael, plus some of other family members and Papaw will be able to wrestle the Christmas season involved the Sears catalog...

I hope your holidays are happy. Yours will be. Have a very Merry Christmas and joyous holiday season...

Have a very Merry Christmas and joyous holiday season. And so, for another week, thanks and thirty blabberblabber noise. He then takes his tongue and does the same thing...

Veloz Viewpoints

Greetings from Nevada! I hope you are all having a great week. Sometimes, when you have been a part of someone's life for such a long time, you begin to think alike...

I went in and asked him, did you use the bathroom at your Aunt Beck's house? He gave me a weird look. I asked him if he noticed the cabinet and said I would really like to have something like that in our bathrooms...

I guess after nearly nine years together it is ok that we are thinking alike. I guess it is even better that we like the same things and have the same ideas. It definitely eliminates a lot of arguing at our house!

Anyways, I was watching her and Antonio play in the hallway for what seemed like 45 minutes on Monday. They are easily amused at what we aren't playing with the 20 toys in the living room. Instead, they were fascinated by the two diaper boxes and a hanger...

I watched Analise crawl a little bit on Monday as she was lying like a frog, crawl her legs up and then she would be behind her. I'm not sure if you can picture what I'm describing but I'm pretty funny to watch. She looked at me and grinned. Afterwards, then she must have done it a dozen more times as the afternoon went on...

On Monday, Analise finally figured out how to sit herself up. I know she knew how, I think she just has a little bit of laziness about her, like her mommy. It took her forever to roll over and crawl, far freer than compared to Antonio. And I know what you are thinking people, "Well, yeah, I know I shouldn't, but you have twins and try comparing them. It isn't so easy."

When I was washing my hands I thought to myself that I would love to have something like that in our bathrooms to store toilet paper, air freshener, hand towels, etc. I thought it but forgot to mention it to Ben right away...

Later that evening as I was washing my hands in the bathroom at our house I remembered what I wanted to do to say to Ben about the twins. It isn't so easy.

Talkin' From The Mountains

Twas A Republican Christmas

Twas a Republican Christmas and all through the house Moms and Dads were crying, "George Bush is a house!"

The stockings were hung by the chimney with care, more than children's health plan would soon be there...

Billions for the rich-another tax break. Dubya plundered and pillaged without a morsel of shame...

Whistling and shouting to his toddlers by name. On Geoff David On McConnell From Tom Delay, America don't need college, student loans we will

For as long as George Dubya is Commander-in-Chief, Buall and his cronies will put a wreath on the door, And celebrate Christmas on the backs of the poor.

Fourth District Report

Connecting with the Fourth District

Over the past several weeks, I have had the opportunity to speak with many of my fellow Kentuckians using innovative technology that allowed me to host a town hall meeting at the telephone from Washington.

Steve's Report

When I was little, I couldn't wait for Christmas to get here. Our home was filled with many traditions and activities that added to my anticipation of that special day...

My mind as if it happened yesterday. The fact relates to me about it every time the family gets together or might have something to do with that, but I suspect I would have remembered it just as well without their frequent reminders.

There was one Christmas, however, that I will never forget. Every detail of that morning remains as fresh in my mind as if it happened yesterday.

4th District Representative by Geoff Davis

As your Congressman, I care about the issues that are affecting you and your family. As an entire tele-town hall dedicated to assisting seniors with questions that they had regarding their Medicare benefits...

Steve's Report by Steve Seaf

I should ask Santa to bring the funny thing is, I probably remember the Sears catalog better than the actual presents. If it weren't for all family photos, I probably wouldn't be able to recall even half the presents Santa brought me over the years.

constituents when it is not possible for me to be in the Fourth District.

Through this call, we were able to assist many seniors with questions that they had regarding their benefits.

Using this technology, we were able to connect with more than 10,000 residents of the Fourth District to discuss the issues that affect our lives in Kentucky.
