USAA names McNabb All-American Scholar At-Large

The United States Achievement Academy has announced that Anthony McNabb of Carlisle has been named an All-American Scholar At-Large Award Winner.

Only one student in the United States is named an All-American Scholar At-Large Award Winner. Anthony will appear in the All-American Scholar Official Yearbook which is published nationally.

Recognizing and supporting our youth is more important than ever before in America's history. Certainly, winners of the All-American Scholar Award should be congratulated and appreciated for their dedication to excellence and achievement.

The Academy selects All-American scholar winners (School policy states that all locks must be issued by the school. No student is allowed to use a lock that they purchased themselves.)

LETTERS TO THE EDITOR

Whether the decision to ban rides in the courthouse yard, effectively ending a 60-year tradition of the Blackberry Festival, is a good decision or not remains to be seen.

What I do take issue with is the haste in which this decision was made with no input from the public. Thanks to the leadership of our mayor...

EDITORIAL Continued from Page 4 Chaos does beget opportunity and the opportunity when in reality the group effort and fun atmosphere that has been the cornerstone of the festival for 60 years or more. Maybe it's time to go

to magistrate Steve Hamilton for suggesting, in vain, that more time and discussion was needed. I only wish the Fiscal Court took the same forward approach on other issues that are far more threatening to our county. Doing nothing to comprehend and stifle the growing welfare culture in Nicholas County is driving down

LETTERS Continued from Page 12 pavers can pick up the tab while trying to break the jail budget. Why not just create a written plan to tell these criminals how to bankrupt us.

Justice is blind, so let's not fret about the hundreds of kids who enjoy the rides. Better yet, what a great way to help kill off Carlisle. How stupid to think out beautiful courthouse area should be a gathering place for fun and pride in Nicholas County.

Miles Hughes Carlisle KY Editor. Bout time someone stood up for what's right and just like Congress, our Fiscal Court sure has its priorities, logic and common sense all focused on self-interest.

smut king of the world. This is the man who in his life-time brought pornography to lower levels than the industry had ever seen before. Flynt says that he is on a mission to reveal hypocrisy. Isn't that quite noble of him?

Another silver lining is that this group of wise folk may have the courage to follow thru with more judgment of rational thought such as clean out all the tobacco fields in Nicholas County next time some idiot tosses a butt on City property.
