Steve's Report

Over the past year, I've mentioned a few times that one of my hobbies is researching family history...

Steve's Report By Steve Scalf

I wrote back asking her to send as many details as she could provide to help me find where I needed to start my research...

De sent back a fairly lengthy reply sharing as much as she could about her family, including the names of her father, Franklin Delano Scalf, and her grandfather, John Dallas Scalf...

At that time, I had enough information available to figure out who my grandfather was, so I took a picture of the grave marker, hoping I'd figure it out someday...

It was amazing. I had recorded the information about Sherry Linn on the same day I had recorded the obituary of my grandfather...

LETTERS TO THE EDITOR

Dear Editor, On Thursday, to my surprise, after picking up copies of my daughters x-rays and report from the radiologist from the hospital...

I was told that they would look into the incident involving my daughter who was going to see my daughter...

That same Sunday evening, I decided to forward the same information to Margaret, another relative and fellow Scalf Family researcher...

Remember, it had taken me two days to find out that Margaret lives in Arizona, and I live in Hawaii...

Video Shack Win a FREE Night's Rental at Video Shack. What 1927 film about American WW I fighter pilots won the first "Best Picture" Oscar?

Shirbury Water District Water Quality Report January 1 through December 31, 2006. This report is designed to inform the public of the quality of water and services provided on a daily basis...

Maximum Contaminant Level (MCL) - the highest level of a contaminant that is allowed in drinking water. MCLs are set by the SDWA as enforceable standards...

Questions? System Manager: 606-247-2861, CCR Contact: 606-247-2861, 606-247-2861. Fax: 606-247-2861, 606-247-2861, 606-247-2861.

Table with 5 columns: Aberrable Levels, Highest Single Month, Lowest Monthly, Violation, and Likely Source. Data includes metrics like Total Hardness and Total Dissolved Solids.

Table with 7 columns: Contaminant, MCL, Report Level, Range of Detection, Date of Sample, Violation, and Likely Source of Contamination. Rows include Radon, Copper, Fluoride, and Nitrate.

Table with 4 columns: Contaminant, MCL, MCLG, and Action Level. Rows include Chlorine, Lead, and Copper.

OPINION

Bluegrass Beacon

A five-finger discount would risk the Editor's Note: Jonathan Miller has withdrawn from the democratic primary.

Keep this column away from the kids. It promotes stealing. For the record, I believe in King James Version of the Ten Commandments...

Mind you, I'm not advocating that public officials nab money from Kentuckians. Lord, knows, (and He does know) that practice thrives...

County Clerk's audit released

State Auditor Crit Luallen today released the audit of the 2006 financial statement of Nicholas County Clerk, Douglas Fryman. State law requires the Auditor to conduct annual audits of county clerks and sheriffs...

would resist as governor "borrowing" policies succeeding in those states. Successful companies such as Toyota and UPS have discovered a competitive edge in "borrowing" best practices from other firms...

Miller suffers from the NIH (Not Invented Here) virus that plagues the commonwealth and infects most of the state's education and economic policy makers...
