HOROSCOPES

ARIES - Mar 21/Apr 20
You have been concerned over a big decision you need to make, Aries. Now is the time to let others in on your "secret." They may be able to help out in the process.

TAURUS - Apr 21/May 21
This week nothing sounds better than doing nothing and unwinding. You have that opportunity now that all of your prior obligations have been taken care of.

GEMINI - May 22/Jun 21
A friend can really use your help, Gemini. You just have to find the time to fit this person into your busy schedule. It's important, so do your best to accommodate him or her.

CANCER - Jun 22/Jul 22
Cancer, your home is in an upheaval due to some recent renovations, and it's getting on everyone's nerves. Luckily, the end is in sight and you can soon get back to normal.

LEO - Jul 23/Aug 23
It will take cosmic forces to pry you out of bed this week, Leo. You are in a slump and no matter what others do, they can't seem to pull you out of it.

VIRGO - Aug 24/Sep 22
Virgo, a romantic partner is in the mood to set the scene with candlelight, soft music and a delicious dinner. Keep your plans open this week because the "date" could be any day.

LIBRA - Sep 23/Oct 23
Despite the nice weather, you're more inclined to stay indoors cuddling with the one you love. If you do have to venture out for food or necessities, don't be long.

SCORPIO - Oct 24/Nov 22
You keep your trade secrets hidden from a lot of people, Scorpio. But this week it really is your turn to shine. Expect others to be surprised at what you can accomplish.

SAGITTARIUS - Nov 23/Dec 21
Your pace has been so fast lately that there is some task you've likely forgotten, Sagittarius. You may have to backtrack and see if you covered all of the bases.

CAPRICORN - Dec 22/Jan 20
Obstacles may seem large this week, Capricorn, but they're no bigger than ones you've conquered in the past. Get some help and you'll feel reinforced.

AQUARIUS - Jan 21/Feb 18
Your partner is feeling very jealous this week, and with just cause, Aquarius. You've been spending time with and talking about a coworker a lot.

PISCES - Feb 19/Mar 20
Pisces, it will be impossible for you to keep your feelings to yourself when someone does you wrong. Be the bigger person, however.
