Hey! Hay, what can I do?

Most every farmer is faced with a hay shortage this coming feeding season. How can we get through the year with a 50% to 65% hay shortage?

The other question is what I can afford to give if there is hay for sale. How can I calculate the true value of this year's hay crop? Has the hay been tested and the seller know what the TDN and fiber values are?

In order to answer these type questions, there will be a meeting at the Nicholas County Extension Office on November 29 at 7:00 p.m. Dr. John Johns, a University of Kentucky Beef Nutrition Specialist will be here to discuss meeting the nutritional needs of the beef herd with today's hay shortage.

Dr. Kerry Burdine, University of Kentucky's Livestock Forage Economics Specialist will be at the

The paragraph below contains 30 books of the Bible. Here are the answers to the puzzle published last week in the Pastor's Column.

This is a most remarkable puzzle. It was found by a salesman in an airplane seat pocket, on a flight from Los Angeles to Honolulu, keeping him occupied for hours. He enjoyed it so much, he passed it on to some friends. One friend from Illinois worked on this while fishing from his John boat. Another friend studied it while playing his banjo. Elaine Taylor was a columnist friend, who was so intrigued by it she mentioned it in her weekly newspaper column. Another friend judges the job of solving this puzzle as involving, she brews a cup of tea to help her nerves. There will be some puzzles that are really easy to spot. That's a fact. Some people however, will solve find themselves in a jam, especially since the book names are not necessarily capitalized. Truthfully, from answers we get, we are forced

to admit it usually takes a minister or scholar to see some of them at the worst. Research has shown that something in our genes is responsible for the difficulty we have in seeing the books in this paragraph. During a recent fund raising event, which featured this puzzle, the Alpha Delta Phi lemonade booth set a new sales record. The local The Chronicle surveyed over 200 patrons who reported that this puzzle was one of the most difficult they had ever seen. As Daniel Humana humorously puts it, the books are right there in plain view, hidden from sight. Those able to find all of them will hear great lamentations from those who have to be shown. One revelation that may help is that books like Timothy and Samuel may occur without their numbers. Also keep in mind that punctuation and spaces in the middle are normal. A chipper attitude will help you complete really against those who claim to know the answer. Remember, there is no need for a mad exodus, there really are 30 books of the Bible lurking somewhere in this paragraph waiting to be found.

Mr. and Mrs. William Riggle (Sharon Doyle) and Mr. and Mrs. David Riggle (Leah Doyle) and others spent last week and camping at the Kentucky Horse Park.

Don Adams took cousin, Phyllis Brady to eat Sunday at Cantuckee Diner in Winchester for her birthday. They also had a nice long visit with Mrs. Emmet Dennis at North Middletown who will soon be 94 years old. For years she was the best friend of Mrs. Letha Adams. She is mother of Jane Ritchie and June Kripfenburg and five others.

Mr. and Mrs. Dennis Doyle visited Mr. and Mrs. Bobby Brady on Thursday night.

Alberta Glass and Wilma and Mr. Campbell ate at the new KFC in Paris last week. The Oakland Mills following service for the 50th Anniversary of Mr. and Mrs. Julian McKee.

Among those Phyllis Brady visited the past week were Fred Hollar, David and Doris Doyle, Marjorie Fryman, Maxine Whitson, Jeff Doyle at this office and Betsey Anne who is moving to Lexington.

A beautiful wedding was held at Headquarters Methodist Church on Saturday afternoon. Jamie Carol Kenney and John Baber, who were actually already married for a few years, wanted to renew their vows and have a church wedding where she used to go to church. Mr. and Mrs. Jackie Kenney and Phyllis Brady were very close to Jamie because her mom passed away when she was 6 years old. Jamie has worked at Jerry's Restaurant in Paris for 10 years and John works at CLA in Paris. Brenda Rountt performed the ceremony.

Phyllis Brady enjoyed hearing Rev. Tom Moore at Indian Creek Baptist Church Sunday night, before last, where several of her family are now attending.

Mr. and Mrs. Bud Bellamy have purchased and moved to a nice home on Auditor Pike, a while ago and attended church at Headquarters on Sunday.

Mrs. Sharon Feaback and others attended the Kentucky Conference United Methodist Women's Meeting in Elizabethtown, KY on October 27.

Many churches in this area collected an assortment of items and took them to the National Guard Armory, and will continue to do so until November 5th. These items are to be sent to the troops in Iraq.

Ms. Danita Earlywine and sons treated Ms. Alberta Glass to Kentucky Fried Chicken in Cynthiana on Sunday.

The 1:30 p.m. Sunday service at Johnson-Mathers Health Care was given by Rev. Emma Carmichael of the Carlisle United Methodist Church. Later several residents and visitors had a sing-along with Walden Prodromer playing guitar and his wife, Lois. I am always amazed how much the residents there love to sing as they do on Tuesdays nights at 6:30 p.m. and how good they sound.

Remember Your Recare
The importance of regular examinations

Taking good care of your teeth and gums should be a habit. We like to see most of our patients for a checkup at least once every three to six months.

We refer to your checkup visit as a "re-care appointment." A re-care dental visit can take up to an hour. Your dentist will normally include a complete cleaning, a fluoride treatment, any required radiographs and a comprehensive dental examination for cavities or other problems.

If there are no problems needing treatment, we probably won't see you again until your next re-care appointment!

Giving your teeth regular check-ups is the only way to keep them in tip-top shape. Recare visits help to catch dental problems like decay before they turn into painful cavities. Routine dental examinations can detect life-threatening diseases like oral cancer in the early stages when they are most treatable. That is why most dental insurance plans cover at least two re-care appointments per year. Insurance companies know from experience that regular "re-care" is a great long-term investment in your health.

We encourage you to book your re-care appointment well in advance. If you aren't sure when you're due for your next one, don't delay - give the Carlisle Office of Mortenson Family Dental a call at 289-5418. Good dental habits will help your teeth last a lifetime!
