Remember Your Recare The importance of regular examinations

Taking good care of your teeth and gums should be a habit. We like to see most of our patients for a checkup at least once every three to six months.

The Staff of Mortenson Family Dental's Carlisle Office (L to R): Tom Vroman, Becky Davis, Dr. Roy Foster, Mary Boggs, Rhonda Sibert and Kayte Lane. Not pictured is Dr. Gary Meeks.

Giving your teeth regular checkups is the only way to keep them in tip-top shape. Recare visits help to catch dental problems like decay before they turn into painful cavities.

- Tooth Tips: • Brush after every meal or at least twice a day. • Use a fluoride toothpaste. • Use brushes with soft nylon bristles and a flat surface. • Replace your brush about every three months. • Use a mouthguard if you play contact sports. • Floss every day. • See your dentist regularly!
