DOG KENNELS

Wireless pet containment

Wireless Containment

The Wireless System works by transmitting a radio signal up to 50 feet in all directions, creating a cone effect. You choose the length the Receiver Collar gets a warning tone before vibrating a safe Shock Containment to get the attention until he returns to the Pen Area. The Wireless System is portable, you can use it anywhere and set up in minutes with you.

PF3300 Features:

- Covers an adjustable circular area of up to 12' x 12' (100 feet diameter)
- Completely portable, no wire to bury
- Adjustable length of containment plus fence code mode
- "Run Through" protection
- Not up to 1 or 2 hours

\$199.99

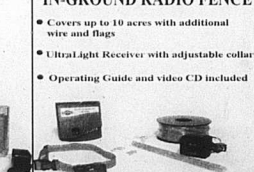

WE ALSO CARRY THE MATERIALS TO DESIGN YOUR OWN KENNEL. CALL FOR US FOR PRICES

IN-GROUND RADIO FENCE

- Covers up to 10 acres with additional wire and flags
- Ultra-Light Receiver with adjustable collar
- Operating Guide and video CD included
