Students attend H.O.T. conference

Several Nicholas County High School students were among over 200 who attended the H.O.T. conference at the Madison County Fair Grounds.

Youth from Nicholas County, Danville, Boyle County, Bourbon County, Lincoln County, Garrard County, Estill County, East Jessamine County, West Jessamine County, Madison Central, Madison Southern, Mercer County, Burgin Independent, Harrison County High schools will gather together to learn how they can help their schools and communities in overcoming tobacco use.

The trip took place, Wed., Oct. 31.

H.O.T. or Help Overcome Tobacco in Kentucky is the name of a youth tobacco movement that began in Kentucky in 2005. This program is designed to educate our youth to the dangers of tobacco use, and to increase the number of tobacco prevention activities and advocacy efforts that are implemented in our communities by the youth.

This is a program that continues to grow thanks to partnership programs that include: the Kentucky Department of Education (KDE)/Department for Public Health Coordinated School Health Program, the Tobacco Prevention and Cessation Program, Governor's Office of Wellness

and Physical Activity, and the Tobacco Environmental Strategies Prevention Enhancement Site.

Kelly Owens, Tobacco Prevention and Cessation Specialist for the Madison County Health Department, is this year's director. The students will begin to arrive at 9 a.m., activities include—volunteers, small group work, team building skills with the National Guard, lunch, a talent show and door prizes.

Thoughts from ... the Pastor's Study

By Bro. Steve Carlisle Christian Church

The paragraph below contains 20 books of the Bible. See if you can find them and next week the answers will be published. Good luck and God bless.

This is a most remarkable puzzle. It was found by a gentleman in an airplane seat pocket, on a flight from Los Angeles to Honolulu, keeping him occupied for hours. He enjoyed it so much, he passed it on to some friends.

One friend from Illinois worked on this while fishing from his john boat.

Another friend studied it while playing his banjo. Elaine Taylor was a columnist friend, who was intrigued by it she mentioned it in her weekly newspaper column.

Another friend judges the job of solving this puzzle as involving, she brews a cup of tea to help her nerves. There will be some names that are really easy to spot.

That's a fact.

Some people however, will soon find themselves in a jam, especially since the book names are not necessarily capitalized.

Truthfully, from answers we get, we are forced to ad-

mit it usually takes a minister or scholar to see some of them at the worst.

Research has shown that something in our genes is responsible for the difficulty we have in seeing the books in this paragraph. During a recent fund raising event, which featured this puzzle, the Alpha Delta Phi bonnet booth set a new sales record.

The local, The Chronicle surveyed over 300 patrons who reported that this puzzle is one of the most difficult they had ever seen.

As Daniel Humana humbly puts it, the books are right there in plain view, hidden from sight. These able to find all of them will hear great lamentations from those who have to be shown. One revelation that may help is that books like Timothy and Samuel may occur without their numbers.

Also keep in mind, that punctuation and spaces in the middle are normal. A chipper attitude will help you compete really against those who claim to know the answer. Remember, there is no need for a mad exodus, there really are 30 books of the Bible lurking somewhere in this paragraph waiting to be found.
